

# NO AGREEMENT AT EL PASO CONFERENCES

## CARRANZA COMPELS OBREGON TO REVERSE HIS ATTITUDE

### MATTER IS REFERRED BACK TO AMERICAN AND MEXICAN GOVERNMENTS

**Mexicans Still Insist on Withdrawal of Pershing's Force—Point Out that There is No Immediate Threat of Rupture—Mexican Bandits Fire on American Soldiers—War Department Takes Every Possible Precaution.**

#### BULLETIN.

BROWNSVILLE, Texas, May 11.—Curtis Bayles, an American farmer, was shot and killed late tonight a short distance from his home near Mercedes, Texas, by a band of four or five Mexicans who succeeded in escaping, presumably to the Mexican side of the Rio Grande.

Whether the Mexicans came from the south side of the river has not been determined. Thirty United States cavalry with a posse of citizens from Mercedes, started immediately in pursuit, but at midnight had found no trace of the band.

EL PASO, Texas, May 11.—After almost two weeks of discussion the conferences of Generals Scott, Funston and Obregon over American troop dispositions in Mexico came to an end tonight without any agreement being reached. The whole matter was referred back to the American and de facto governments to be settled thru diplomatic channels. Tonight the situation is almost exactly where it stood before the conferences began. The Mexicans still insist upon the withdrawal of General Pershing's commands upon a certain date and want that date to come quickly.

**Carranza Overrules Obregon**  
General Obregon has been willing reach an agreement with the American conferees. He has been overruled by the first chief Venustiano Carranza, and his advisers.

After practically conceding the demands of the American conferees he was compelled to reverse his attitude. The end of the negotiations came today after two conferences had been held. The first began at 10 o'clock in the morning and lasted until 1 p. m., when a recess was taken until four o'clock to permit General Obregon to keep a lunch engagement. Sharp on the hour the discussions were renewed. After two hours and a half, however, they were brought to an end. General Obregon, accompanied by Juan N. Amador, Mexican sub-secretary of foreign affairs, emerged from the private car occupied by Generals Scott and Funston, walked rapidly down the railway yards, climbed into his waiting automobile and drove away. Colonel Robert E. Lee Michie, aide to General Scott, distributed copies of the following statement to the waiting newspapermen:

"We wish to announce that, after several conferences, marked throughout with conspicuous courtesy and good will, in which conferences mutual impressions were exchanged and information was collected on the military situation on the frontier, it was agreed upon by the conferees to suspend the conferences and report back to their governments in order that these may be able, thru their respective foreign departments to conclude this matter, and that the ending of these conferences does not mean in any way a rupture of the good relations of friendship between the conferees nor between the respective governments.

(Signed)

"A. Obregon,

"H. L. Scott,

"Frederick Funston."

No Immediate Threat of Rupture.

Tonight it was pointed out authoritatively that the result of the various meetings in El Paso does not mean that there is any immediate threat of a rupture between the United States and Mexico. So far as the United States is concerned, it is said, its army in the Mexican state of Chihuahua will remain practically inactive. The only break that can possibly come would follow an attack by Carranza troops upon American troops. It is understood that General Obregon has been warned that such an attack will be the beginning of reprisals.

Significantly enough, conditions along the border were emphasized tonight by the receipt of dispatches from Marathon, Texas, stating that Mexican bandits again had crossed

into American territory and fired on American soldiers and civilians. According to another report a military automobile conveying messages from George T. Langhorne to Colonel Frederick W. Sibley, commander of the expeditionary force in the Big Bend district, has been made the target for shots fired by Mexicans. Army men here refuse to comment on these occurrences except to state that they were likely to be repeated at intervals.

With negotiations here ended and the discussion reverting to Washington and the direct control of President Wilson and Secretary Lansing more became known tonight of the developments of the fortnight just passed. It is now stated positively that the Mexican government so far as that part of it represented by General Carranza is concerned, has not for one instant admitted the consideration of any other subject than withdrawal.

**Does Not Produce Critical Situation**  
Washington, May 11.—While no official report from General Scott had arrived tonight that his conference with General Obregon, the Carranza war minister, had failed to bring about an agreement as to the border situation, it was clear that administration officials after reading the news despatch did not regard the failure as producing a critical situation in the relations between the United States and the Mexican de facto government.

General Scott was expected to prepare a full report for President Wilson which should reach Washington in time for consideration at the cabinet meeting tomorrow. Both state department officials and Eliso Arredondo, the Mexican ambassador designate have been prepared to resume the task of discussing the border situation at the point where the diplomatic questions were suspended when the military conference was arranged. The ambassador called at the state department today to talk over the general situation with Secretary Lansing. He is understood to have reiterated the arguments of General Carranza in urging early withdrawal of the American troops from Mexico.

Mr. Arredondo previously has said that the failure of Generals Scott and Obregon to reach an understanding in no way affected the diplomatic situation. He has sought to continue the discussion while the conference was in progress but Secretary Lansing declined to take up the matters suggested in the Carranza note of April 12, until the El Paso conferees had finished their deliberations.

**Officials Not Fully Advised**  
Administration officials have not been fully advised as to the discussions in El Paso and unquestionably will need complete reports from Generals Scott and Funston in order to know how to deal with the suggestion that a definite date be set for withdrawal. So far President Wilson has shown no indication of altering his original policy in sending the troops into Mexico. They were ordered to capture or disperse the bandits who have harassed American towns along the border. The fact that unofficial reports came tonight of a new raid is considered proof positive that General Pershing's task has not been completed.

There is every reason to believe his forces will remain in Mexico until it has been completed either by American or Carranza soldiers and that no amount of argument by General Carranza or his representatives will bring a change in that determination.

When the military conference was arranged the state department had taken no steps toward preparing an answer to Carranza's note suggesting the withdrawal of the troops.

The stumbling block at El Paso appears to have been the determination of General Carranza to have an early date set by which all American troops would be withdrawn from Mexico. In every communication or published utterance of the first chief he has dwelt on the necessity of getting the troops off Mexican

## J. M'CANN DAVIS DIES SUDDENLY THURSDAY

**WAS FORMER CLERK OF ILLINOIS SUPREME COURT**

Deceased Was Candidate in 1914 for Congressman-at-large on the Republican Ticket and a Prominent Newspaper Writer.

Springfield, Ill., May 11.—J. M'Cann Davis, former clerk of the supreme court of Illinois, candidate in 1914 for congressman-at-large on the Republican ticket and prominent newspaper writer, died suddenly of apoplexy at his home here tonight. Recently while traveling on a train between this city and Chicago Mr. Davis sustained an injury which resulted in the loss of the sight of his right eye. He was trimming his eye lash with a pair of manicure scissors when the blade pierced the eyeball.

Mr. Davis was born in Fulton county, Illinois, November 19th, 1866. He published a paper at Canton, was managing editor of a paper at Council Bluffs, Iowa, and was employed on the staff of the Springfield State Journal. For a number of years he was manager of the Springfield bureau of the Associated Press.

Mr. Davis was an authority on the life of Abraham Lincoln and wrote several books on the subject. He was the author of "The breaking of the deadlock," a history of the famous deadlock convention of 1904, which resulted in the nomination of Charles S. Deneen for governor.

## MOBILIZATION OF TEXAS GUARD IS VIRTUALLY COMPLETED

SAN ANTONIO, May 11.—Mobilization of the Texas National guard at Fort Sam Houston for service in the United States army virtually was completed tonight with the arrival of all but two companies of the state militia. The complement of the Texas guard ordered to report at Fort Sam Houston was thirty seven companies of infantry, two troops of cavalry and two batteries of light artillery, in all about 5,000 men. No regulars arrived today but six coast artillery companies for infantry service were enroute tonight and the other four are expected to reach here by Saturday or Sunday. The first to reach here will be sent to Marathon and thence on to the border near Boquillas.

## DENTISTS VOTE \$1,000 TOWARD MEMORIAL TO DR. G. V. BLACK

Quincy is Selected as Next Meeting Place—Officers Will Be Elected This Afternoon.

Springfield, Ill., May 11.—The so-called dental parlor was hit here today by Dr. W. F. Whalen of Peoria who urged a concerted move on the part of the membership of the Illinois State Dental Society to secure an appropriation from the state legislature for the prosecution of illegal practices.

"When one gets into one of these dental parlors it's like being in a den of thieves," said Dr. Whalen. "In my mind there is no place in the economies of dentistry for a dental parlor."

The society voted \$1,000 as a nucleus for a memorial to the late Dr. G. V. Black of Jacksonville, who was for a number of years dean of the dental school of Northwestern University.

Quincy was selected as the meeting place of the society for 1917. Officers will be elected tomorrow afternoon.

Dr. O. H. Seifert of this city, secretary of the state dental examining board urged co-operation between the state society and the state board.

## KOCH WINS CHAMPIONSHIP

Memphis, Tenn., May 11.—Fred Koch of Phillipsburg, Ohio, won the trapshooting championship of the south in the final event of the tournament here today by breaking 59 out of a possible 60 targets in a shoot off with R. E. Duvall of Belleville, Ill., who had tied the Ohio gunner with a score of 55 breaks in the regular 199 target event. Duvall broke 35 in the shootoff.

## ADDRESSES CHARITIES CONFERENCE

Indianapolis, Ind., May 11.—The public school was described by John H. Finley, president of the University of the state of New York, before the national conference of charities and corrections tonight as "a prayer for a place where a generation prays 150 days or more a year for what it wants the next generation to be."

## STATE BOARD GIVES OUT PRIMARY FIGURES

**ALL REPUBLICAN DELEGATES PREFER SHERMAN FOR PRESIDENT**

Democratic Delegates Will Include One Man Who Expressed no Preference—Only Four Names on the Progressive Ticket.

Springfield, Ill., May 11.—While the eight delegates at large to the Republican national convention all expressed a preference for Lawrence Y. Sherman for president, the eight delegates at large to the Democratic National convention will include one man—Robert Emmet Burke—who expressed no preference. The other Democratic delegates at large were all Woodrow Wilson men. The figures were made public today by the state canvassing board.

Also the Progressives were entitled to elect eight delegates at large, there were but four names on the ticket. All will receive certificates of election as will John Maynard Harlan, who was making the race on the Republican ticket, where he received 113,716 votes—not enough to win.

Twenty nine Progressives wrote his name on their ballots, however, and Mr. Harlan may attend the Progressive National convention if he is so minded.

Senator Sherman received 155,945 votes for the presidential nomination on the Republican ticket. President Wilson was given 136,839 on the Democratic ticket; W. J. Bryan got 33 votes, and Roger Sullivan two.

Raymond Robbins, Henry Ford, M. McCormick and William Allen White were among a number who received one vote each for the presidential nomination on the Progressive ticket. Theodore Roosevelt received 1,031 votes on the Progressive ticket, two on the Democratic ticket and 15,348 on the Republican ticket. Senator Sherman took ten votes on Progressive ticket also, but was "not listed" by any Democratic voters.

The results of the canvass of the recent primary election made public today by Secretary of State Lewis G. Stevenson, show that the following were elected delegates at large to the Democratic national convention by the votes given:

Robert M. Sweitzer ..... 118,919  
Edward F. Dunn ..... 112,536  
Roger Sullivan ..... 111,267  
Henry T. Rainey ..... 108,740  
Robert Emmet Burke ..... 88,714  
Carter H. Harrison ..... 58,021  
Jacob R. Creighton ..... 84,413  
Jackson R. Pearce ..... 82,616

The Republican delegates at large follow:

William B. McKinley ..... 148,595  
Medill McCormick ..... 147,641  
William J. Calhoun ..... 143,637  
William A. Rodenberg ..... 143,200  
Isaac N. Evans ..... 140,569  
Roy O. West ..... 137,941  
William Halg Thompson ..... 137,877  
Garrett DeF. Kinney ..... 137,877

But five names were on the Progressive ticket and as eight delegates at large, all were elected. Their names and the vote received follow: Raymond Robbins ..... 2,230  
Frank H. Funk ..... 2,208  
James R. Campbell ..... 2,272  
Harold L. Ickes ..... 2,263  
John Maynard Harlan ..... 29

## DELEGATES TO ILLINOIS BAKERS' ASSOCIATION RE-ELECTS OFFICERS

SPRINGFIELD, Ill., May 11.—Delegates to the Illinois Master Bakers' association before adjournment here today re-elected the old officers as follows:

President, Andrew Schneider, of Araucal; vice-president, Charles A. Paesch of Chicago; secretary, Edward T. Cissold of Chicago; treasurer, George Geissler of Joliet and executive board member Theodore Soellinger of East St. Louis to succeed George Grim of Peoria whose term expired. Grimm was nominated for vice-president but withdrew.

Prof. C. H. Bailey of the University of Minnesota read a paper on diseases to which bread is heir. He said the "rope germ" which often causes bread to be soggy and hard inside might be killed by plenty of sunlight.

Springfield will probably be selected by the executive committee as the next convention seat.

## LAUD WILSON'S ADMINISTRATION.

Baltimore, Md., May 11.—The Democratic state convention here today lauded the administration of President Wilson and instructed the Maryland delegation to the National convention at St. Louis to vote as a unit for his renomination.

## GOTCH VIRTUALLY RECOVERS.

Humboldt, Iowa, May 11.—Frank Gotch, champion wrestler, virtually has recovered from his recent illness. It was announced today by physicians. The doctors said however, he would not be able to resume his public exhibition for several weeks.

## TELEGRAPHIC BRIEFS

DANVILLE, Ill.—Five prisoners in the county jail, headed by Harry McDonald, safe blower, made an unsuccessful attempt to break out of the institution.

CHICAGO—Two hundred and seventy-seven policemen and officers have been appointed by Chief of Police Charles C. Healey for duty at the Republican National convention to be held here in June.

MOLINE, Ill.—Licensed embalmers of Rock Island County met here, completed organization, and unanimously voted to raise the minimum fee for embalming from \$15 to \$25. They say they have been hard hit by the war and that business at \$15 is done at a loss.

BLOOMINGTON, Ill.—Helen Schraeder, aged 3, was burned to death at Minonk when the family home was burned. Tramps rescued two other children.

DANVILLE, Ill.—The burning of a grain elevator at Ade, Ind., made the sixth large grain elevator to be thus destroyed during the past week in Eastern Illinois and Western Indiana. The others were located at Hastings, Ivesdale, Gessie, Metcalf and Hume.

BERLIN—by wireless to Sayville—Gregory Rasputin, the Russian monk, who is reputed to have exercised great influence over Emperor Nicholas has been assassinated according to reports from Petrograd, received in Bucharest.

CHARLESTON, Ill.—Dr. J. T. Montgomery, 63, former trustee of the state university and at one time head of the state board of agriculture lies at the point of death here as a result of a fall while stepping into his car when he bruised three toes on his right foot. Inflammatory rheumatism, poisoning and pneumonia set in.

## WAGE INCREASES TO BE GRANTED WORKMEN AT ROCK ISLAND ARSENAL

Will Be Based on Scales of Similar Private Plants at Rock Island, Moline and Davenport.

Washington, May 11.—Secretary Baker announced late today that wage increases to be determined later would be granted to workmen in the government arsenal at Rock Island, Ill. He said, however, that the increases would not be based on the wage scale paid similar workmen in Chicago or in cities adjacent to Rock Island, but would be based on the scales of similar private plants at Rock Island, Moline, Ill., and Davenport, Iowa.

Secretary Baker said he believed the increases, based upon recommendations of the department of labor and representing a compromise between proposals of the workmen and the arsenal management would be accepted as satisfactory. In recommending exclusion from the basis of calculation of the private plants at Chicago and the other points near Rock Island, Secretary Baker said the department of labor reported that it was not fair to consider places with different living standards.

General Crozier, chief of ordnance, will compute the increases. The workmen petitioned for readjustments by May 15 and the increases will be determined by that time the secretary said. The secretary recently declared that the government should be a "model" employer, by paying slightly above private wage scales and offering better working conditions.

## SEN. SHERMAN TAKES UP FIGHT AGAINST RIVER AND HARBOR BILL

WASHINGTON, May 11.—Senator Sherman took up the fight against the \$43,000,000 rivers and harbors appropriation bill today after Senator Kenyon had spoken more than two days against the measure. The Illinois senator was speaking when the senate recessed tonight until 11 o'clock tomorrow morning.

He attacked the general provisions of the bill, and urged an amendment to permit the state of Illinois to continue work on its project for a waterway between the Mississippi river and Lake Michigan. Before he yielded the floor, Senator Kenyon gave notice that he would resume later his effort to have adopted his substitute which would appropriate a lump sum of \$20,000,000 to be expended on river and harbor work by the war department.

## KINGS DAUGHTERS CONVENTION

Burlington, Iowa, May 11.—The first day of the third biennial international convention of Kings Daughters here was taken up with registration and by tomorrow it is expected representatives from thirty states and one from Canada will be present. Tonight addresses of welcome and responses were made followed by a musical program at the Congregational church. Business sessions will begin tomorrow.

## FLYING BOAT FALLS; TWO ARE MISSING

**BIG CRAFT WRECKED IN PLUNGE INTO THE POTOMAC**

Pilot and Two Others Are Injured—Loss of Propeller Is Believed to Have Been Responsible for Accident.

Washington, May 11.—The big hydroaeroplane, with which J. C. MacCaulley recently established several new cross country records, was wrecked near Mount Vernon today with a probable loss of two lives and serious injuries to MacCaulley and two other persons aboard. The craft plunged 100 feet into the Potomac, making three revolutions in its descent and collapsing as it struck the water. Loss of a propeller is believed to have been responsible for the accident, although neither MacCaulley, who was piloting, nor his mechanic, Philip Uiter, who were nicked up from the water unconscious, were able tonight to tell exactly what happened.

The flying boat was enroute from Washington to Newport News and was traveling at a high rate of speed. MacCaulley, Uiter and Mayo Dudley, a Washington newspaperman, the third man rescued from the wreckage, were badly bruised and suffered from shock, but all of them are expected to recover. Charles A. Wood of Elyria, Ohio, a student aviator and Louis Krantz, a mechanic, the two other passengers, were missing when the tug John Miller came to the rescue and it is believed they were drowned.

The boat belonged to the Atlantic Aeronautical station at Newport News, in which MacCaulley is an instructor. Its wings measured 76 feet and it was built to carry seven persons. It was said to be the largest heavier-than-air flyer ever constructed on this side of the Atlantic and was of a type for which the Russian government is said to have placed several orders.

The accident occurred at Bryans Point, 17 miles below Washington, at 8 o'clock this morning. The government tug towed the wrecked craft to Fort Washington.

## EXPECT THREE THOUSAND TO ATTEND Y. M. C. A. CONVENTION

Cleveland is Filled With Delegates to International Meeting—First Session Will Be Held This Morning.

Cleveland, O., May 11.—This city was filled with delegates tonight who arrived from all parts of North America for the opening tomorrow of the international convention of the Young Men's Christian Association which will be in session here until next Tuesday. Three thousand delegates are expected, including scores of the leading laymen of the continent of every denomination, together with spectators, some of whom are of international repute. The first session will be held at Gray's Armory at 10:30 a. m., and will be called to order by Dr. Ira Landreth, president of the Belmont College, Nashville, Tenn.

The convention will sit like a national political gathering, the delegates being grouped by states, territories and provinces and the different divisions will be designated by standard names. The nominating committee will consist of one delegate from each state, territory and province and will be appointed as soon as the convention is called to order. It will present a slate of officers for the convention and for the several sections and these will be elected.

## STALLINGS TO FILE PROTEST AGAINST GAME WON BY CUBS

CHICAGO, May 11.—Manager George Stallings of the Boston National League team will file a protest against the game won by the Chicago team today. In the second inning of the contest Snodgrass struck out and Umpire Quigley sent Smith back from third to first base. Smith had singled and Snodgrass' third whiff left the ball bounced from catcher Archer's hands and struck the batter and careened off toward the grand stand. Smith ran from first to third, but Quigley ordered him back on the ground of interference with the ball in play.

Stallings claims Smith could not legally be sent back, as the batter did not interfere with the ball at the plate and as there was no interference the runner could go as far as he liked. This is made the basis for his protest to President Tenor of the National League.

## PEORIA WINS TEAM SHOOT.

Bloomington, Ill., May 11.—Peoria won the team shoot of the Central Illinois Trapshooters' Tournament here today, scoring 122 out of a possible 125. Bloomington was second with 119, Lincoln third, 117, and Decatur fourth with 110.

## HANDLING OF REVOLT BRINGS CRITICISM

**House of Lords Dissatisfied With Administration of Irish Affairs**

## ASQUITH GOES TO DUBLIN

**Infantry Actions Give Way to Artillery Engagements in Region of Verdun**

## FURCE RUSS TO RETREAT

The British government in both houses of parliament has come in for much adverse criticism for its handling of the Irish situation, especially for the executions that followed the recent uprising.

Premier Asquith told the house of commons that thirteen persons had been shot for participation in the revolt, but promised that court martials in the case of murder charges would hereafter be conducted publicly.

The house of lords passed resolution expressing dissatisfaction with the administration of Irish affairs. Premier Asquith has left London for Dublin to study the situation.

The infantry actions in the region of Verdun have again given way to artillery bombardments, the most violent of which was directed against the French positions in the Callette wood and their second lines on the right bank of the Meuse. Bombardments also have taken place along the front held by the Belgians and mining operations and artillery duels have predominated on the British front. A severe artillery duel is in progress around the Hohenlorenz redoubt between the British and Germans.

The Russians and Germans on the eastern line are keeping up mutual bombardments at various points and similar conditions prevail in the fighting between the Austrians and Italians in the mountainous region of the Austro-Italian front.

Constantinople reports that in the Caucasus region around Mount Kope the Turks in an attack drove out the Russians from positions about nine and one half miles in extent and forced them to retreat eastward and like wise to the southeast of Kama-hatun, put the Russians to flight.

The Germans who were defeated recently in Kondoa-Irangi district of East Africa have been reinforced and are now advancing on the British. A despatch from the British commander however, says his troops are quite sufficient to deal with the Germans.

The British government will permit under certain stipulations, the feeding of the civil population of Poland by an American commission.

## U. S. TO PROTEST TO ENGLAND REGARDING HOSPITAL SUPPLIES

WASHINGTON, May 11.—The American government is preparing to protest to Great Britain against its provision refusing to allow the shipment of hospital supplies by the American red cross to Germany and her allies. Secretary Lansing received a letter today from Former President Taft, chairman of the central committee of the red cross urging such action and it was learned tonight that the matter would be taken up with the British government in the near future.

The red cross considers the attitude of the British government in violation of the Geneva convention to which the United States and all of the present belligerents are signatories and holds that the American government has the right to insist upon observance of the treaty.

Mr. Taft expressed the hope that the British position was based upon an erroneous belief that the central powers had failed to agree to a reciprocal course in the treatment of articles for the sick and wounded.

## SIX MORE DAYS FOR FILING PETITIONS.

Candidates for Board of Education  
Must Make Intentions Known by  
May 17th.

Next Wednesday, May 17, is the last day for filing petitions for the board of education election. E. M. Dunlap, township treasurer, who has charge of the election arrangements, said yesterday that the law requires that petitions must be filed ten days before the election is held and that the limit will therefore be May 17, as the election has been called for Saturday, May 27. The election will be held in accordance with the Australian ballot law, but separate ballots for men and women are not required. The names of candidates for president and members of the board will all appear on the same ballot and in the order in which they have been filed. No new petitions or applications for petitions have been received by Mr. Dunlap within the past few days.

### For President.

L. Y. SHERMAN.

### For Governor.

ANDREW RUSSEL.

The claim has been made that in the plans of the city commissioners about \$35,000 is to be spent for water extension improvement and \$63,000 for light plant improvement. These figures are confusing because the light and water departments are so closely linked together. The additional boiler and other equipment for the light plant is in reality just as much a part of the water department, as the power is needed for both pumping and lighting.

A Chicago Tribune political writer declares that down in Washington Senator Sherman's stock as a presidential aspirant has risen a thousand per cent in recent days. The senator's stand on the Mexican situation has doubtless had much to do with the case. Sherman has not been in the senate as long as some of his colleagues but his record there has proven beyond doubt that he is a deep student of public questions and has a broad grasp of international affairs.

In the New York Preparedness Parade today fully 135,000 men and women will be in line, and every sand in the city will be in line. Beginning at ten, the marching will extend for about twelve hours. It is claimed by the committee in charge of the parade that the figures would reach 200,000 if time and marching space would allow.

The big demonstration is of a non-partisan nature, and is merely designed as an act of constructive patriotism. The marchers have volunteered as individuals, and they will be combined into divisions of professions and trades. Fully 25,000 women will be included in the groups.

### Ethical Union Anniversary

Preparations are now complete for the observance of the fortieth anniversary of the Ethical Culture Movement in America. A nine-day congress will be held in Washington, beginning on Sunday, and delegates from all parts of the country will take part. The American Ethical Union, which is the title of the federated ethical societies, will join in the observance.

That the society was not formed for the purpose of opposing existing creeds, but rather to comfort those who had lost their religious faith, Dr. Adler carefully explains. "Its purpose is to help those who have lost their religious faith to realize that what they lost was merely the husk, while they still possessed the kernel."

"All established religions," continued Dr. Adler, "are various expressions of the ethical culture of the race. My ethical experience I mean the divine fact in life which allows us to interpret the world as divinely ordered—the discovery that I live my best life by eliciting the best in others."

## Who Shall Rule in Jacksonville?

Two years ago the proposed bond issue for light plant improvement was defeated by the Jacksonville Railway & Light Company. This company accomplished this defeat by a campaign of publicity and by a large and well organized corps of workers on election day. Many were the automobiles and many were the paid workers busy that day, and as a result the proposed issue for light plant improvement was made impossible.

In the present campaign the Jacksonville Railway & Light company is again leading the opposition against the issuance of bonds for both light plant and water plant improvement. The methods are not the same. Thus far the company has employed no open campaign of publicity but has used instead the more insidious method of "taxpayer" and "citizen" signed articles which have sought to impress upon the public that the issuance of bonds for light and water improvement will be a wilful waste of the people's money and that current for light and water can be purchased much more cheaply from the local company than it can be produced by the city owning its own plant.

The opposition of the Railway & Light company to further development of the city's light plant is perhaps only natural. With this plant out of existence the city would be buying light for the streets, light for the city building, current for pumping the north side wells. Without this plant and the possibility it presents of being developed into a commercial lighting institution, the local company would be in a much more independent and "buy our service or not, just as you please" disposition.

No, it's no wonder at all that the Jacksonville Railway & Light company, is opposed to the issuance of bonds. The Light Company has a large investment in this city, is a large tax payer and is entitled to the rights of citizenship. But is it the right of the Light Company to seek to dictate to the people of Jacksonville just how their city government shall be run, just what sums shall be expended for light and water improvement?

This same company has not been conspicuous in its efforts for the upbuilding of Jacksonville in recent years. In fact, it has taken an attitude of opposing and blocking rather than the fostering of improvements. Without franchise rights this company is now using the streets of Jacksonville for its railway lines, and has just taken an appeal to the supreme court to avoid the payment for the new pavement which has been laid on South Main street from Morton avenue to Michigan avenue. This company has signified its intention of opposing the improvement of streets traversed by any of its lines, notwithstanding the fact that some of the paving adjoining car lines is in a most deplorable condition.

It has been said that since the creation of the state utility commission that the people no longer need the protection which is furnished by the possibility which exists in a municipal light plant of entering the commercial lighting field. For two years an exhaustive investigation was made into local lighting conditions by the state utility commission after an appeal had been made by Jacksonville citizens for lower rates. One of the latest acts of this same Railway and Light company which is consistently opposing the enlargement of the local light plant, has been to appeal from the finding made by the utility commission ordering lower rates for gas and electricity, and thus force upon the people in order to secure the lower rates a long and expensive period of litigation in the higher courts.

When the north side wells were first established and current was purchased from the Light Company, the price charged was at a rate which if continuous pumping had been done would have amounted to \$2,600 per month. It was only after decisive steps were being taken to increase the power facilities of the light plant that any reasonable rate was quoted by the utility company.

Two years ago the Light Company's expert publicity manager repeatedly declared that the proposed bond issue of \$50,000 for the light department was not sufficient, that the plant could not nearly reach the desired standard of equipment for any such sum. Now the same publicity expert, writing under the anonymous signature of "Taxpayer" and "Citizen" protests and declares a \$100,000 bond issue for both light and water department extension is ruthless extravagance and will bring tax burdens which should by no means be thrust upon the city.

It was questionable enough for the utility company to use a strong political ward organization to defeat plans for light plant extension two years ago. It is much worse for the company now to use its most earnest endeavor to defeat the plans for BOTH LIGHT AND WATER DEVELOPMENT.

Who is running this city, anyhow, the Jacksonville Railway & Light company or the people?

ordered—the discovery that I live my best life by eliciting the best in others."

### FROM MR. MISER.

Editor: Journal—  
In yesterday's editorials you made the following statement which I wish to correct: "Before the city was furnishing its own current for pumping from the north side wells, one month's bill for power furnished was \$2,500."

I have carefully gone over our records and there was never a monthly charge of this amount.

During the period we were furnishing current from Aug. 1 to Dec. 31, 1913, the highest bill paid by the city was the month of October. This was \$1,979.52. The total amount of current used during the five months was 349,501 kilowatt hours, for which the city paid \$4,652.11, or an average monthly bill of \$934.50. This is an average price of 1.331 cents per kilowatt hour. This is fairly comparable with the city's manufacturing cost for coal and oil and exclusive of labor maintenance, etc., as given in Commissioner Vasconcellos' report read to the city council Jan. 2, this year, for the preceding six months. His figures showed a consumption for this period of 449,445 kilowatt hours with a fuel and oil cost of \$5,712.13. This is an average of 1.271.

I will appreciate the publication of this correction.

W. B. Miser.

The reference to the price charged by the Railway & Light company for current furnish the north side wells was written. A bill for \$2,500 or \$2,600 was much discussed in the city council. The facts as shown by the records will be presented in a later issue.

### A STATEMENT BY THE MAYOR.

(By H. J. Rodgers.)

Why such terrible fear of a little extra electric generating capacity in our city power plant? If the citizens of Jacksonville should decide they wanted to go into the commercial

lighting business and save thousands of dollars per annum in their electric bills, and also have the city make thousands of dollars for the public as Hannibal, Mo., and hundreds of other cities are doing—whose business is it but that of the majority of the citizenship of Jacksonville?

In the city light plant there are no duplicate boilers and engines. By the constant use of the boilers and engines now in service the plant is running steadily, but the time will come when these will deteriorate and break down, and for that reason and because of the need of more power, while we are rebuilding the plant, we should have a duplicate generating unit as a reserve.

In the estimate made for expenditure there is not once cent for commercial lighting equipment. The street lines of poles and the new wiring are for street lighting which is done over a single wire system, and the power line is for conducting the current to the city's motor pumps to light the city parks and public buildings if it is desirable to do so. Certainly there will be some surplus power which could be sold if they become desirable or necessary.

The city plant is producing electric current now for .0072 cents per kilowatt hour for fuel costs and .011 cents per kilowatt hour for labor, oil, waste and fuel. These figures do not include anything for depreciation or interest. Those things, however, do not add much to the cost of production. The proposed new equipment for generation would enable the city to produce current for less cost than the figures quoted.

The Jacksonville Railway & Light company has never submitted to the city council any proposition, the company has only "dirted." I have repeatedly told representatives of that company that if they had anything to offer for the good of Jacksonville, if they would present it to the city council it would be carefully considered. Up to this time the company has offered nothing.

If you have confidence in the city administration, vote for the bonds. If you have not that confidence and do not believe that the money voted for bonds will be wisely and honestly expended, vote against the bonds. The city commissioners ask you to read the half page statement else-

### ACCIDENTS TO CONCORD PEOPLE

R. E. Abernathy, living east of Concord was riding a colt to water Wednesday afternoon with only a halter on and the colt got to cutting up and dumped Earl, and as a result he will be laid up for a month with a fractured collar bone. He struck upon his right shoulder and was painfully hurt. Dr. A. O. Magill was called and after examining him it was decided to take him to Jacksonville for further examination. He was then brought home and at last accounts was resting as well as could be expected. Coming in crop time, the accident is doubly unfortunate. It is hoped that the fractured bones will hurry and knit together.

James Smith, who works on the section for the Burlington, had the misfortune to get his right hand mashed while at work Thursday morning. He will have to take a furlough for some days. It is hoped he will soon regain the use of the hand.

## EXCELLENT EXHIBITS IN DOMESTIC SCIENCE AT J. H. S.

Rooms of Department in David Prince Building Scene of Handsome Display.

The annual exhibit of work in cookery and sewing held Thursday afternoon and evening in the domestic science rooms of Jacksonville high school were creditable in high degree and called forth words of great appreciation on the part of the many visitors who came to inspect the exhibit.

Miss Ella Newman of the cooking department, and Miss Agnes Rogerson, the instructor in sewing, were in charge. They were aided in the reception of visitors by several of the domestic science students.

The cookery exhibit included various dishes by individual pupils, a display of 100-calorie portions showing comparative food values, a table set for a model luncheon and a display of jellies.

In the sewing room were shown dresses and class day gowns made by members of the third year class, kimonos, waists and princess slips, work of the second year girls, and aprons and undergarments, work of the first year class.

Following are Miss Rogerson's pupils in the third year sewing class: Misses Margaret Walter, Mildred Waller, Estelle Schofield, Zelma Benson, Fay Skinner, Esther Agnew, Ethel Lucas, Joy Bourn, Anah Hembrough, Helen Mansfield, Edith Ferguson, Lulu Belle Hildreth, Florence Jordan, Hollis Ryan, Loretto Piepenbrink, Marie Corrington and Edith Mills.

The articles in the tempting display of cookery and the exhibitors were:

## ILLINOIS' COLLEGE FACES HARD BATTLE WITH MILLIKIN

Dual Meet Saturday Afternoon on Illinois Field Will Mean Hard Work by Local Athletes.

Entries for the dual track meet between James Millikin university and Illinois college were received Thursday evening and the Frisbie, the well known athlete from Springfield, was refused participation by the faculty of the college in special session Thursday afternoon, the I. C. athletes face Saturday's events with a strong determination to give Millikin a hard battle for victory. The meet will be called promptly at 2 o'clock on Illinois field.

The fact that this is the first meet in which Illinois has taken part this year makes any attempt at forecasting difficult. Millikin's possible standing may be foretold by results of the recent meet with Illinois state normal when victory was won by the Deatur school by a majority of almost two to one. Following are the Millikin entries:

sell if unfortunate incidents such as that at Parral are to be avoided.

The only reply to General Obregon's arguments that General Scott has been authorized to make, so far as known, was that the troops would be withdrawn as soon as the de facto government had demonstrated its ability to protect the border from raids. Just what physical facts would be required to constitute that determination is not known, although it is apparent that simple assurances of Mexican officials that they were able to handle the situation was not regarded as sufficient.

### Order Officers Back to Regiments

The war department regardless of the diplomatic moves or the progress of the El Paso conference has been taking, every possible precaution to see that it was not caught napping by anything that might happen beyond the border. The latest move was that made yesterday when a hundred line officers on detached service were ordered back to their regiments for active duty. The classes at the army war college and other service schools were graduated nearly two months ahead of schedule to set these officers free to aid in training recruits and national guardsmen now in the field. There now remain only 250 line officers detached from their commands. These are stationed at West Point or assigned as instructors with national guard regiments or at various military schools or colleges. They will be called to the colors only in a pressing emergency as their work is vital to the building of anything resembling a system of military discipline. No immediate further action to the border forces are contemplated, Secretary Baker said today.

The situation in that particular may change at any moment however, it was indicated, if raiding is continued. There is no question that the department has outlined a definite schedule of the militia forces to be called upon if further movements of the citizen soldiers are required to protect the line.

Another step taken as a precautionary measure has been the action of the state department in calling the attention of consuls in Mexico to the standing instructions that they advise all Americans to leave that country. The last estimates made by the consuls showed about 3,000 Americans beyond the border. Probably there are many more who are not registered at the consulates.

A special observance has been prepared for next Sunday, Mother's day, at the Murrayville M. E. church. The Rev. C. S. McCollum, the pastor, will preach the sermon. ### GAMBLEERS AT ROODHOUSE.

Roodhouse, Ill., May 10.—An interesting trial in which four men were convicted of gaming took place Thursday afternoon in the court of Justice G. H. Kickok. W. H. Ballard, Jess L. ### STOPPED AMMONIA LEAK.

H. K. Snyder said last night that an employee of the Snyder Ice plant should be given the credit for stopping the ammonia leak in the cold storage department of the J. W. Merigan establishment. The man in question, who has had considerable experience around the ice plant, had little difficulty in stopping the ammonia leak.

### REBEKAHS WILL INITIATE.

Plans have been completed for a meeting of more than ordinary interest this evening at the regular meeting of Jacksonville Rebekah lodge No. 13 at Odd Fellows temple. A large class will be initiated and after the work there will be a luncheon and social hour. Several guests from out of the city will be present.

## TO OPPOSE ATTEMPT TO INCREASE NUMBER OF METHODIST BISHOPS

SARATOGA SPRINGS, N. Y., May 11.—An attempt to increase the number of bishops of the Methodist Episcopal Church will be opposed on the floor of the general conference when the Episcopacy committee reports on Saturday, according to some of the delegates who tonight declared that the committee will recommend the election of either six or eight new members to the Episcopacy. Of these, four will fill vacancies caused by resignations.

Opposition to an increase in the number of bishops is based on the ground of expense. Reports submitted to the conference reveal that during the last four years \$737,545 was paid to bishops and their widows. This was \$68,425 in excess of the receipts for this purpose, but a deficit was prevented by the surplus in the treasury at the beginning of the period.

## ENGLAND ACCEPTS AMBASSADOR PAGE'S PLAN FOR FEEDING POLAND

LONDON, May 11.—The British government has just announced its acceptance of the plan submitted by Walter Hines Page, the American ambassador last February for feeding the civilian population of Poland by an American commission.

The acceptance carries, however, certain rather difficult stipulations for the central powers, namely, that the relief must be applied to that portion of Poland in Austrian occupation and not confined as Germany desires to that part occupied by Germany. It is stipulated that the food is to be shipped from the United States in German ships under a neutral flag and that Germany and Austria agree as part of the scheme to care properly for the populations of Serbia, Albania and Montenegro. The foreign office expressed the hope that the central powers will promptly accept the conditions, so as to hasten the beginning of the work. Herbert C. Hoover, chairman of the American commission for relief in Belgium, will go to Brussels tomorrow and may be able to facilitate the negotiations.

SPRINGFIELD, Ill., May 11.—Officers were elected here today by the Tri-State Passenger association, including Indiana, Illinois and Missouri as follows:

President: R. C. Gentry of St. Louis, Frisco Lines; vice president: W. H. Webber of Chicago, Great Northern railroad company; secretary, H. A. Crow of Chicago, Chicago & Alton railway company. A round of golf, a banquet and an address tonight by E. Everett Jennings, counsel for the Illinois State Public Utilities commission on "Railroads and Public Utilities," completed the day.

## THOMPSON ADDRESSES ILLINOIS STATE HISTORICAL SOCIETY

SPRINGFIELD, Ill., May 11.—Joseph J. Thompson of the legal department of the state legislative bureau, speaking today before the opening session of the Illinois State Historical society on "Oddities in early Illinois laws" said at one time petty larceny was punishable by a special law.

"One convicted of stealing any sum under \$1.50 might be publicly whipped upon his bare back not to exceed fifteen lashes or fined \$3," said Mr. Thompson.

A reception was held tonight at the executive mansion for officers and members of the society. Officers will be elected tomorrow morning.

### W. A. GARDEN DIES.

Chicago, May 12.—Word was received here early today (Friday) that W. A. Gardner, president of the Chicago & Northwestern railroad company, died late last night at Wilmette, Mass.

### CHARLESTON DEFEATS ILLINOIS

Charleston, Ill., May 11.—Eastern Illinois State Normal outfit Illinois College in a slugging match here today, winning by a score of 16 to 6. Three home runs of which Hugh Charleston hit two, featured the game.

Successful Sessions Close Thursday Evening in M. E. Church at Murrayville.—The Officers.

Centenary and Grace M. E. churches were selected for the next annual meeting of the Woman's Home Missionary society of Jacksonville district, sessions of which were closed Thursday evening at the Methodist church in Murrayville. At the business session officers for the coming year were selected as follows:

President—Mrs. J. L. Long, Beardstown. First vice president—Mrs. G. A. Lohman, Meredosia. Second vice president—Miss Lucy Carter, Waverly. Recording secretary—Miss Edna Osborne, Murrayville. Corresponding Secretary—Mrs. Hazel Knight Humphrey, Beardstown.

Treasurer—Mrs. G. B. Metcalf, Greenfield.

Young People's secretary—Miss May Lambert, Jacksonville.

Secretary of Children's work—Mrs. E. K. Towle, Jacksonville.

Mite box secretary—Miss Nellie Robertson, Virginia.

Superintendent of literature—Mrs. Charles Hopper, Jacksonville.

Superintendent of temperance work—Mrs. S. M. Wilhite, Greenfield.

Secretary of evangelism—Mrs. Ed Stodd, Greenfield.

Secretary of Christian stewardship—Mrs. J. L. Schaeffer, Beardstown.

By reason of the fact that the visiting officers present had to go on to Barry for a meeting today the events scheduled for this morning were given Thursday and the entire program thus condensed into the one day.

Mrs. Charles Hopper had the honor of reporting the largest amount of money and the most subscriptions received by any district society in the Illinois conference. A special number, "There's a Shepherd King," was given by Misses Beulah Kotner, Edna Osborne, Stella and Cecil Cunningham. Mrs. Fowler of the Cunningham home at Champaign was present and spoke of the needs of the institution.

The address of the evening Thursday was given by Miss Carrie Bargo, the national field secretary.

### R. AND S. MASONS.

Jacksonville Council No. 5, R. & S. M., will hold a special assembly Friday evening at 7:30 for work. Refreshments.

C. C. Cochran, T. I. M. John R. Phillips, Rec.

### LAFAYETTE SCHOOL WINS.

The full official reports have not as yet been completed for the meet Wednesday afternoon, the athletes of Lafayette school were declared winners of the cup Thursday morning by Coach W. H. P. Huber and Warren Maddox, the assistant coach, on further inquiry into the figures of the day.

For the excellent records made and thorough work done by the young contestants much credit is due to the coaching of the teachers in charge. Miss Josephine Yeck and Miss Helen Harney are athletics managers at the first ward school, and Miss Ida Mills and Miss Amy Pires at the second ward. Miss Bertha Mason and Miss Jennie Grassly of David Prince school did much in the work of training, the former at the Jefferson building and Miss Grassly at Lafayette school. At the third ward schools the contestants were trained by Miss Florence Fox, teacher at the Franklin school, assisted by Clarence Siegfried, a student. John K. Furry and John Martin, high school seniors had in charge the training at Washington school.

### CARD OF THANKS.

We wish to extend our thanks to our neighbors and friends for the kindness shown during the death of our wife and mother.

E. A. Daniels and children.

### PHI ALPHA SOCIETY.

At the regular meeting of Phi Alpha Literary society Thursday night at Beecher hall, plans for the coming Tri-ennial celebration were discussed and a talk on the Triennial was made by Walter H. Heath, the vice president, who occupied the chair in the absence of the president, Thomas Mangner. Francis Taylor read "When a Man Must Write an Essay," and Robert Nesmith gave as an oration, "A Protest Against Atheism." Ralph Newell, the reader, gave "The Initiation of Ole" by George Fitch and Byron Ennis, extempore speaker, discussed "The Bonus System."

LADIES FURS, Insured against Moth, Theft and Fire. FRANK BYRNS Hat Store, "Bell 185, Ill. 267. Phone."

### AT LEAP YEAR DANCE.

A party of Jacksonville young people went to New Berlin by automobile Wednesday night and attended a leap year dance given there, and tho an excellent time was enjoyed, the return trip was delayed by several small accidents. The party included Charles Gruber, James Sloan, Elden Gruber, William Shields, and Misses Frances Gorman, Mary Swain, Barbara Gebert and Mayne Gorman.

John W. Marshall, agent at the Wabash; D. C. Diltz, C. & A. agent and H. D. Capps, operator at the Alton, went to Springfield Thursday and attended the annual banquet of traveling passenger and ticket agents Thursday evening at the Hotel St. Nicholas. Two hundred agents were to be present.

## SOCIAL EVENTS

### At Washington School.

Report on the recent convention of the Illinois Congress of Mothers and state parent-teacher associations was given by Mrs. W. D. Roberts Thursday at the last regular meeting of the Parent-Teacher association of the fourth ward, held at 3:30 o'clock at Washington school. Mrs. Roberts, the president, announced the following committees: Program, Mrs. Olive Parker, chairman; Mrs. G. R. Bradley and Mrs. Henry Kamm; refreshment, Mrs. W. C. Bradish, chairman; Mrs. Roland, Mrs. Harney, Mrs. C. W. Cornick, Mrs. Lloyd Hamilton, Mrs. Wallace Brockman, Mrs. O. N. Barr, Mrs. Clarence York, Mrs. F. B. Madden, Mrs. J. W. Chipchase and Mrs. Frank T. Irving. A framed copy of Hoffmann's "Christ" was presented the school by Mrs. A. L. Adams.

A special feature of the afternoon was the exhibit of manual training work and the following manual training program:

"The Grain of Woods and the Kinds Used in Manual Training"—Martin Graff.

"Rules for Squaring and the Use of the Plane and Tri-square"—Jack Westover.

"Rules for the Squaring of Work and the Uses of the Gage and Rule"—Marion Parker.

"Sandpapering, Nailing and Staining"—Ivan Cox.

"The Work of the Department"—Miss Anna Long, the teacher.

Following the rendering of the program a very pleasant social hour was enjoyed and delightful refreshments served.

### Entertained Willing Workers.

Mrs. J. A. Walters of 1208 Park Place entertained the Willing Workers at an all day meeting Thursday. A noon elaborate dinner was served by the hostess. On roll call the members responded to the sentiment, "Favoritis Flowers." Miss Ella Nourse, a returned missionary from Africa was present and gave an interesting talk. The next meeting will be held June 8, with Miss Sallie Scott.

### Third Ward Association.

The Parent-Teacher association of the third ward held a profitable meeting Thursday afternoon at Morton school. The following officers were elected:

President—Mrs. A. C. Baldwin.

Vice President—Miss Florence Fox.

Secretary—Mrs. Otto Kuchman.

Vocal solo by Miss Nellie Self.

After a march and folk dance by children of the first grade and a piano duet by Virginia Whitlock and Gladys Howard the program was continued with:

"Proper Books for Children"—Mrs. Charles Sheppard.

"Wholesome Foods for the Child"—Mrs. Richard Moody.

"Johnny and the Microbes"—Miss Lillian Carter.

"Giving the Child a Square Deal"—Mrs. Thomas Buckthorpe.

Discussion—Led by Mrs. John Staff, Mrs. George Spires and Mrs. William Spencer.

### Entertain Seniors.

Members of the senior and junior classes at Franklin high school were entertained Thursday evening by Mr. and Mrs. Maurice B. Keplinger. Games and contests furnished diversion and the evening hours were spent in a very pleasant manner.

### Home Coming Rally.

The Young People's society of Christian Endeavor has issued invitations for a home coming rally for all who were members of the society in the church on East State street, to be held at Central Christian church Sunday evening at 6:30 o'clock.

### Teachers at Dinner.

Teachers of Jefferson school enjoyed dinner at the Peacock Inn Thursday evening at 6:30 o'clock. Teachers of the rooms downstairs were the guests.

### Adelphian Program.

A large audience was present last evening in David Prince auditorium to witness the last program this year of the Adelphian Literary society. In "The Elopement of Elen," a clever three act farce, John K. Furry, was compelled to play a double part by reason of the illness of John Corington. Each performer did his part well and the program as a whole reflected much credit on the society and on the work of Miss Mabel Cowdin, the faculty manager.

### At I. W. C. Tonight.

Paul Van Katwijk, the Dutch pianist who will this evening conclude the Artists course at Illinois Woman's College, is not only a musician of national repute, but a friend and acquaintance of a number of Jacksonville people. His appearance this evening is anticipated with interest.

### For I. W. C. Students.

Mrs. Joseph R. Harker and Miss Amy Mothershead entertained at an informal reception and tea at 4 o'clock Thursday afternoon for students of the Woman's college who will receive certificates in music, art, expression or home economics. Each guest was presented with a handsome floral favor. Dainty refreshments were served.

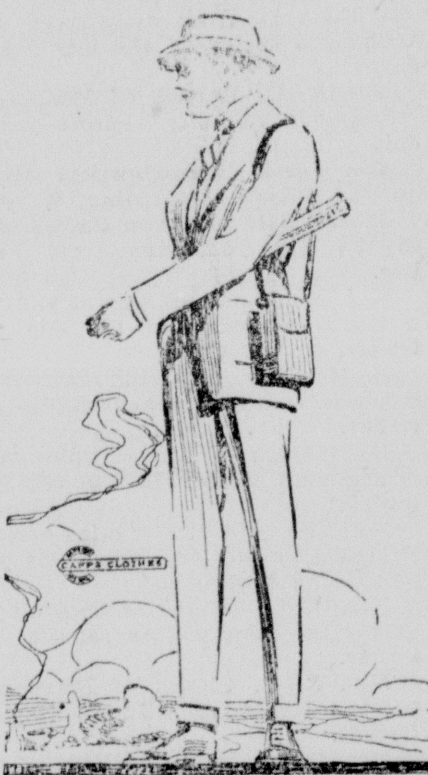

### G. A. R. ATTENTION.

Regular meeting of Matt Starr post this evening at 7:30.

John Minter, Com. C. E. McDougall, Adj.

Ralph Shaw of Nebo was a visitor in Jacksonville yesterday.

Discussion was led by Dr. J. W. Hairgrove. Dr. Carl E. Black presented the report of the library committee.

### QUESTIONS ON THE SUNDAY SCHOOL LESSON.

By Rev. T. S. Linscott, D. D.

May 14, 1916.

"Lo, we turn to the gentiles. Acts 13:13-52."

Golden Text: I have set thee for a light of the Gentiles, that thou shouldst be for salvation unto the uttermost part of the east.—Acts 13:47.

1. Verse 13. At what point had Paul and Barnabas touched, according to the last lesson?

2. Where are Paphos, Perga and Antioch in Pisidia?

3. Verse 14. Why should a Christian always attend church on Sunday, whether at home or away from home, except prevented by circumstances over which he has no control?

4. If a man does not act like a Christian when away from home, is he a real Christian when at home?

5. Verse 15. Why is it that so many of our present day church services are so stiff and formal, compared to the services in this synagogue?

6. Why should not our church services be sufficiently elastic so that other members of the congregation, besides the pastor, may take part in them?

7. Verse 16. Would you say, and why, that there were many devout Jews, and others, in those days, who feared God, and were accepted of him, who had not embraced Christianity?

8. Would you say, or not, and why, that preachers and teachers in addressing non-Christian audiences, should assume that there may be some present who fear God, notwithstanding that they may have never heard about Jesus?

# If a Figure Has Flesh—

If a figure has flesh about the waist, the waist must not be tightened until it is all out of proportion with the shoulders. If a figure has flesh about the hips the flesh must not be squeezed until it builds "hippy" hips. If the fleshy form is to be held in certain fashion lines it must be held by a corset shape, and the corset shape must be adequately sustained. Right corseting prevents one from putting on flesh—it hardens the muscles.

### MANY KNIGHTS OF COLUMBUS ATTEND GRAND COUNCIL

"The Ideal Catholic Knight" Subject of Rev. John P. Quinn of Ottawa at LaSalle Convention—Delegates Loneragan and Sweeney Return.

P. H. Loneragan and D. Scott Sweeney, delegates from Jacksonville Council No. 868 to the grand Knights of Columbus council this week at LaSalle were expected to return last night.

The Daily Post of LaSalle has the following to say of the first day's program:

"Hundreds of Knights of Columbus are in LaSalle today for the annual meeting of the Illinois State Council of that order and the weather seems to have deemed these gentlemen and their fair partners worthy of the best possible in the way of fair weather and gave them a day of sunshine tempered with just enough breeze to make the temperature ideal.

"Three special trains came in on the Rock Island this morning, bearing delegates and their friends, these were met by huge numbers of local delegates and others in town who marched from the Harrison House to meet them. The Twin City Band was on the job and led an inspiring march from the station up to St. Patrick's church.

"The church was most handsomely decorated with flowers in honor of the coming of the Rt. Rev. Bishop Dunne and the Knights of Columbus of Illinois and St. Patrick's was soon packed from the altars to the doors. Bishop Dunne celebrated the solemn pontifical high mass, the Rev. Fr. L. Bobkiewicz of St. Hyacinth's church, La Salle as his assistant; Fr. P. O'C. Culleton of St. Mary's parish, Peru, as deacon and Fr. D. D. Lane of St. Patrick's, La Salle, sub-deacon; the deacons of honor were Fathers Quirk of Ottawa and Maurice of St. Bede college, west of Peru. Father Gildea of Princeton was master of ceremonies. Bishop Muldoon of the Rockford diocese, chaplain of the K. C. order in Illinois, was also present to honor the ceremonies.

"During the mass, Rev. John P. Quinn of Ottawa delivered splendid address, taking for his subject 'The Ideal Catholic Knight.' His remarks were of the kind to inspire the most lofty ideals in the breast of every K. C. member present and the address was a fitting opening to an event so important as this convention is to the members of the K. C. order.

"Leaving the church, the delegates went into St. Patrick's hall across the road, where Mayor H. M. Orr, in his usual brief and sincere manner, welcomed the knights to La Salle and gave them carte blanc to use the city as their needs direct for the two days of the meeting.

"James E. McGrail, grand knight of Calvert Council No. 792 of La Salle, host to the visitors, welcomed his fellow knights in behalf of the local council.

"This afternoon Bishop Muldoon, in his capacity of chaplain of the order, gave the knights a heart to heart talk in the hall.

"About sixty-five autos were used this afternoon to take the visiting knights and their ladies to view the beauties of Deer Park and Starved Rock and this trip was greatly enjoyed by all."

**EXCURSION, NAPLES TO BEARDSTOWN AND RETURN, 25c.**

### MRS. JANE SWAIN DEAD AT COUNTRY HOME

RESIDENT IN THIS COUNTY FOR EIGHTY TWO YEARS

Deceased was Born in England in 1829—Lived a Useful Life and Reared an Honored Family.

After a lingering illness the venerable Mrs. Jane Swain died at 10:24 Thursday morning at her home near Sinclair. Death was due to long suffering from rheumatism and the infirmities of old age.

Mrs. Swain was born in Brossa, Yorkshire, England, Jan. 4th, 1829, and was the daughter of Francis and Jane Hunter. The family moved to this country in 1834, first coming to Jacksonville and later going to the place now occupied by Frank Hunter about two miles south of Sinclair and eight miles northeast of Jacksonville. The young daughter had the advantage of the schools of her day and grew to a beautiful and useful womanhood. For seven months she worked for the noted Jacoby Strawn for a dollar a week, which was the top wages paid at that time. She was also useful at home and on her father's farm and when he came to breaking the virgin prairie with three yoke of oxen she drove the cattle and rode on the plow beam to keep the plow in the ground.

The family apparel in those days was modest but useful and well made. Sometimes the good housewife carded the wool but carding machines were introduced at an early day. They were at first crude affairs furnished with power by oxen in a wheel or treadmill. If a woman had the wool carded for her she was supposed to do the rest and many a day she walked back and forth spinning the yarn that was to go into the fabrics worn by the family.

**Married Early**

People married young in the early days and Jane Hunter was no exception for when seventeen years old, Dec. 18, 1846, she was married to John Swain, a Godly man who lived his religion every day. This family were brought up in the fear of God, taught to attend church and Sunday school and remember their Creator in the days of their youth. She was always a helpmeet and used to go out into the field and drop corn, leaving her little flock in the house while she did it. Corn planters were then unknown. A wise, forehanded man had a marker which consisted of three runners attached to a frame and that he drew across the field with a team after the plow and harrow had been used.

Thus three rows were marked off at once and sometimes the marker was used the other way or else a single shovel plow and then the rule was to follow the dim mark and cross the plain one and so get the rows straight. Husking bees, spelling schools and an occasional singing school were the principal sources of recreation.

When but twelve years of age she united with the Methodist church and ever lived a consistent christian life. She and her husband, as long as he lived, were pillars in Hebron church and Sunday school and she taught in the Sunday school for forty years. Hebron is one of the historic spots in Illinois Methodism. For many years it was the scene of grand campmeetings when people came from far and near to spend days in worshipping their Maker. Such giants as Peter Cartwright, Peter Akers, W. D. R. Trotter, W. J. Rutledge, Hiram Buck, Daniel Short, his honored son, W. F. Short, and many others ministered there and great were the results known only in full on high. The cemetery adjoining is the last resting place of many veterans in the church and the civil war and is truly a sacred spot.

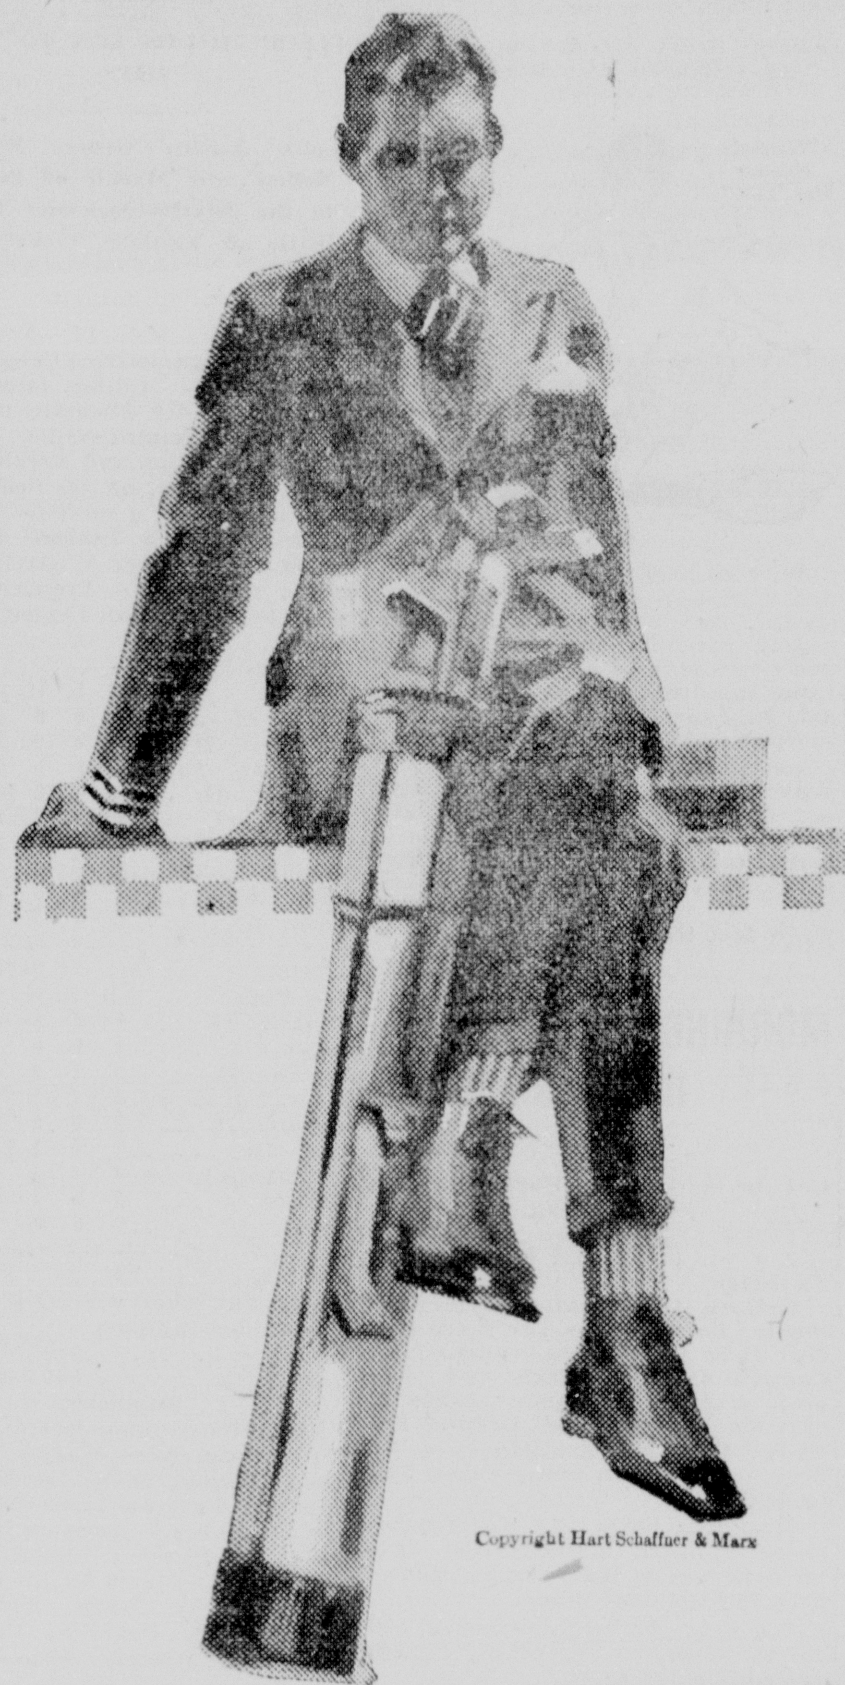

The place was known as the Robinson camp ground and was known far and wide and it was used for many years. Permanent accommodations were erected and used by the devout and the meetings held there were wonderfully blessed and anticipated for months beforehand. John Sinclair was another of the historic names of ministers who served there.

Mr. Swain died forty years ago, leaving his family the priceless heritage of a good name and a comfortable possession as well and since that time the mother has been most tenderly cared for and has received all attention and loving devotion from her dutiful son Arthur and daughters Misses Sarah and Emma. Her other sons have also always been ready to minister to her every want so far as needed and in their power lay. She gave up her Sunday class with reluctance but as long as physical strength would permit she was faithful in her attendance at church and Sunday school and when not there in body she was present in spirit and her prayer ever went up to the throne of grace for the organization she loved so well.

For almost seventy years she has lived in one place and had come to know a host of friends and relatives and their welfare, temporal and spiritual, was ever dear to her heart and the object of her tender solicitude.

She is survived by four sons and two daughters. The former are George R. J. C. and Amos, married and living in the vicinity of Sinclair and Arthur, at home; two daughters, Misses Sarah J. and Emma. Also six grandchildren, Clara Pearl, John D. Harold, Horace, children of Mr. D. Mrs. J. C. Swain; Harry and Anabel, children of Mr. and Mrs. Amos Swain. One brother, the well known Robert Hunter, and one sister, Mrs. Alice Mahon, died some years ago.

Anything like a eulogy on the life of such a person as Mrs. Swain seems superfluous for she was so well known by all in the vicinity of the place in which she lived and her reputation is her best eulogium. She was a dutiful and loving wife and mother, devoted day and night to her loved ones and ready to sacrifice

herself for their welfare. In the neighborhood she was always kind and obliging, ready to rejoice with the fortunate and weep with the afflicted and lend herself to others when needed. In the church, the Sunday school, the missionary society and all other departments of church work she was ever on hand and children and friends rise up and call her blessed and are walking in her footsteps.

The funeral will be conducted at 10:30 Saturday morning by Rev. G. W. Flegge, assisted by Rev. C. H. Davis, pastor of Hebron church. Burial will be in Hebron cemetery.

### IRELAND AND DEMOCRACY.

The full seriousness of the revolt in Ireland is not yet clear, and it is early to draw lessons. But early or late the lessons drawn should not be the obviously wrong ones. The New York Tribune is irrationally disturbed and presents the view that because here in the United States we have been timid in dealing with manifestations of sedition, we are on the brink of a volcano and may suffer as the English are now suffering because of their alleged timidity in Ireland. The Tribune works itself up to this statement:—

Democracy has broken down in all democratic countries because the men it has set in office have failed, have neither dared nor troubled not cared, because little men of no faith and of no vision have thought that it was sufficient to suppress what was unpalatable, ignore what was uncomfortable and flee from what was dangerous. On the edge of a volcano they have talked.

This is rhetorical exaggeration from the desk at which Horace Greeley, who had a surer faith in democracy, once sat.

One of the striking facts in the world today and the most bitter one which the war has disclosed to Germany, is that democratic government has not failed. When the war began it was the German expectation, as abundantly shown, that Ireland would at once be in a blaze of revolution and that the South African colonies, where the Boer war had been fought less than 15 years before, would also rise against the British empire. German astonishment at what has taken place in South Africa has been frankly expressed. It would seem as if no one in these days could be so blind as not to see

that South African loyalty was the liberality of Great Britain following the Boer war. If for the space of a full lifetime Ireland had been treated with the same democratic wisdom there would today be no Irish problem and no Irish revolt.

The Tribune, in its vindictive hatred of Mr. Wilson, may satisfy itself that democracy in this country stands condemned by the fact of having placed him in the White House. But surely democracy has

not broken down in Canada or in Australasia, and, least of all, in France. For there, under the third republic, is being made a record so glorious that, when history is written, it will well-nigh efface the humiliations suffered under the empire in 1870. It is because Great Britain has not subjected Canada, Australasia or South Africa to Prussian severity that they stand fast today.

There is faith to believe that in the unhappy event of war with Germany, the best guardians against whatever element in our German population might seek to cause domestic trouble, would be the great body of our citizens of German blood who, tho they may wholly sympathize with Germany while she struggles against European foes, would under such circumstances prove their full loyalty to the United States. The basis of that faith is the freedom of speech and thought, sought by them or their fathers who crossed with Carl Schurz after 1848, and given them by a democracy to the upbuilding of which they have so notably contributed.

## "TIZ" EASES TIRED, SORE, SWOLLEN FEET

Instant Relief for Aching, Puffed-up, Calloused Feet and Corns

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes off? Why don't you get a 25-cent box of "Tiz" from the drug store now and glad-den your tortured feet?

"Tiz" makes your feet glow with comfort; takes down swellings, and draws the soreness and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, callouses and bunions. "Tiz" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot torture.

### MORNINGS ARE HAPPIEST HOURS

Get the Spirit of the Early Day Into Your Being

Are you bright and happy in the mornings?

Catarrh is the great American ailment. Its effects are far more general than usually are understood. Catarrh of the stomach and kidneys is a most frequent cause of chronic dyspepsia and Bright's disease. Catarrhal conditions in the nose and throat in many cases, lead to deafness.

Even the lungs are affected because catarrhal inflammation finds an open way to the lung substances thru the bronchial tubes.

If you are not bright, cheerful and refreshed in the mornings, catarrh probably is the cause.

The mental and physical condition of catarrh sufferers is pitiable but it is surprising how many people suffer from catarrh when they fully believe something else is the cause. Catarrh can be easily detected. Some of its commonest symptoms are: dull, throbbing headaches, watery eyes, constant sniffing, dropping of mucus into the throat at night and awakened choked and half-nauseated, sleeplessness, dizziness, fullness, stopped up nasal passages, dryness of the membranes, pains in the stomach, side and kidney region, faulty digestion, bad breath and coated tongue.

Tanlac was created particularly to combat catarrh. Thousands are testifying daily that Tanlac has fulfilled its mission.

Tanlac may now be had in Jacksonville at the Coover and Sures's Drug Store, where its merits are explained fully.

## Mr. Went-And-Cut-It—Here's Mr. 'Gets-It'

The New Plan Corn Cure That's as Sure as the Rising Sun.

"Glad to meet you!" says the razor to the corn. "I'll bleed for you!" says the corn to the razor. Razors and corns love each other. Corns love to be cut.

"Why, O Why, Did I Do It? Gets-It" for Me After This—It I Live!

be cut, picked, gouged, sliced, plastered and jerked out—they grow faster. Mr. and Mrs. Went-And-Cut-It realize it now—they use "Gets-It" instead—it's the wonderful, simple corn-cure that never fails. Stops pain. You apply it in 2 seconds. It dries in 10 seconds. The corn is doomed. Nothing to stick to the stocking or press on the corn. It grows good-night to plasters, salves, diggers, razors and toe-banding. You can wear smaller shoes. Your corns will come right off. "Clean as a whistle." Never inflames healthy flesh. The world's biggest selling corn cure. "Gets-It" is sold by druggists everywhere. Get a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill. Guaranteed as the world's best corn remedy—by Armstrong's Drug Store—J. A. Obermeyer.

### Heals Skin Diseases

It is unnecessary for you to suffer with eczema, ringworm, rashes and similar skin troubles. A little Zemo, gotten at any drug store for 25c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and leads quickly and effectively most skin diseases.

Zemo is a wonderful disappearing liquid and does not smart the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

Zemo, Cleveland.

## YANKEES WIN FIRST GAME FROM CHICAGO

CULLOP HOLDS SOX TO THREE HITS.

Umpire Nallin Orders Mogridge, Mullen and Markle off the Field in the Sixth—Spectator Bounces Bottle off Yankees' Concrete Dug-out.

New York, May 11.—New York won its first game from Chicago here today 2 to 1. Cullop, formerly of the Kansas City Federals, outpitched Faber. Umpire Nallin ordered Mogridge, Mullen and Markle of the New York team, off the field in the sixth inning and a spectator bounced a bottle off the Yankees' concrete dugout. A shower of glass fell all around the umpire. President Johnson of the American League saw the incident.

## VAUGHN TWIRLS SHUTOUT BALL AGAINST BRAVES

TWO CUES ERRORS AID BOSTON IN SCORING

Good Hitting by Williams, Whose Three Included a Home Run and a Double, and Zimmerman and Saier Produce Three Cub Runs.

Chicago, May 11.—Jim Vaughn, whom Boston drove from the slab yesterday, "came back" today and pitched shutout ball against the Braves. Two Chicago errors in the ninth helped over the visitor's sole run.

Good hitting of Rudolph by Williams, whose three included a home run and double, and Zimmerman and Saier, produced three Cub runs. Zimmerman was notified of a \$50 fine for arguing with Umpire Dyon yesterday.

## Tooth Loose? Watch out for Pyorrhea!

When you find a tooth that gives back and forth even just a little, see your dentist at once

He will find conditions which you might overlook. He will find a gum recession, even though slight, where the gums have pulled away from the teeth. And he will tell you that you have the dread disease *pyorrhea*.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today; or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Company 503 Union Central Building, Cincinnati, Ohio.

FIRM UNDERTONE PREVAILS FOR  
MOST PART OF STOCK SESSION

Developments Affecting Market Conditions Are Mainly of a Negative Character.

New York, May 11.—Developments affecting market conditions were mainly of a negative character. A firm undertone prevailed for most of the session with occasional lapses into dullness and hesitation. Lack of investment demand and the increasing confusion arising from affairs in Mexico contributed to the restraint manifested by certain issues.

Altho a fairly large number of stocks were quoted, the inquiry, as usual, centered around a half dozen of the better known specialties, such as mercantile marines, with another substantial gain for the preferred, Mexican Petroleum, United States Steel, Crucible Steel and several of the active equipments.

Total shares of stock amounted to 650,000 shares.

Total sales of bonds par value, \$1,450,000.

United States bonds were unchanged on call.

WHEAT UNDERGOES SETBACK  
BECAUSE OF EXPECTED SHOWERS

Close Is Unsettled at 1/4 to 1/2 of a Cent Net Decline—Indications of a Record Breaking Increase of Acreage Sends Corn Down.

Chicago, May 11.—Wheat underwent a setback in price today on account of expected showers and because of widespread lower temperatures—a combination of vital importance for the growing crop. The close was unsettled at 1/4 to 1/2 cent net decline, with both July and September at \$1.16 1/2. Corn finished a sixteenth to 1/4 cent down, and oats carrying from 1/4 off to 1/2 advance. In provisions the outcome ranged from 20c loss to a rise of 2 1/2c.

Weakness showed itself in the wheat market right at the outset, and was at no time completely overcome, altho near the end of the session reports of clearing skies in Kansas led to misgivings on the part of sellers and brought about something of a rally. Little attention was given to anything except weather and crop advice, and to late assertions that English buyers had taken a small amount of wheat from the United States not confining purchases altogether to shipments from Manitoba.

Support for wheat seemed only to possess much breadth when declines of 1c or more were recorded. All the larger commission houses had leading orders to buy at such a limit, but selling pressure broadened out to a material degree on the subsequent upturns.

Indications of a record-breaking increase of acreage made the corn market decline. Prices recovered fairly well, however, when rallies took place in wheat. Oats proved relatively firm. The reason lay in the uneasiness prevailing as to damage by green bugs in the southwest.

Provisions were under heavy selling pressure by discouraged holders. Higher prices on hogs failed to be of any assistance in checking the downturns.

## Regarding the Proposed Bond Issue

A two-mill tax will raise the annual payments on the bonds, which would mean a tax not to exceed \$2.00 per annum on a \$3,000.00 assessment, or \$1.00 on a \$1,500.00 assessment, house or property. It will be the means of giving us absolutely pure water and better lighted streets than we have now. On a \$3,000.00 assessed valuation, the tax would be less than one cent per day. For example—\$3,000.00 on full assessed valuation, one-third of which, \$1,000.00, is the assessed valuation upon which the taxes are extended. A two-mill tax thereon would produce \$2.00 taxes, about a half a cent a day.

## City Could Sell Current

The adoption of the Bond Issue will permanently establish the Light and Power Plant, so the City can sell commercial lighting if the public desires to do so. It would give us an Electric Plant of at least 900 Horse Power, total. This would enable the City to sell current or the consumers to obtain electric current at a more reasonable rate than we have now.

Has it occurred to you how steadily our street lighting system is running, with no interruption. Our Water Department is just as constant; except that we are compelled, from lack of proper equipment at the North End Pumping Station, to pump quite often from the Creek at the South Pumping Station. The Bond Issue will allow us to soon close this plant entirely.

## New Street Wiring Needed for Safety

Entirely new street wiring is a necessity to properly safeguard us from electric shocks and short circuits. When we get our city lines renewed with properly insulated wires, we then can demand with good grace, that all electric over-head wires be properly insulated by being replaced with new wires.

## The Estimated Cost is as Follows

Two 34-inch screens, deep well; direct connected, rotary pumps at north end station	\$10,600.00
One large receiving reservoir at North station	3,000.00
Two miles of 10-inch cast iron water main on Allen, Walnut and Diamond streets to West State street	15,000.00
Water tower at west reservoir and motor driven rotary pump and reconnecting pipe line west of Park street to connect with water tower	5,000.00
One 2,000,000 gallon rotary, direct connected pump at south station, setting and connecting same	3,500.00
This pump to be moved to north pumping station when desired.	
One 500 horse power engine, equipment connected direct to 350 K. W. generator	48,000.00
New street, wiring and extending same to west reservoir, north pumping and south pumping stations and to the parks	10,000.00
Fire-proof buildings for engine and generators at power plant and at north pumping station	5,500.00
	\$100,000.00

## Estimated Savings That Will be Made in Operating the New Equipment Over the Present Equipment.

The adoption of the Bond Issue will enable the City to at once install two Combined Chemical and Pumping Motor Fire Trucks (and pay for them out of the general taxes), which will reduce the operating expense of the Fire Department \$2,500.00 per annum; and will enable the department to get to all fires quicker, which will secure for Jacksonville a lower rate of Fire Insurance.

The placing of an electric-driven rotary pump at the South Pumping Station will save at least \$3,500.00 per annum there, by closing down the steam part that is there now.

The City Power Plant at present is producing each twenty-four hours, for pumping and street lighting, an average of 4,400 K. W. hours. This continuous load for 365 days in the year is an excellent foundation upon which to base its operations and guarantees a profitable operation. The engine we propose to install is guaranteed to save in fuel cost alone, on the present load of 4,400 K. W. hours, at least \$5,000.00 per annum.

The laying of the ten-inch water main over Allen, Walnut and Diamond streets to West State street, in addition to the mains we have now from the North Pumping Station, will be the means of a large saving in

The adoption of this Bond Issue means renewed life and vigor to the people and the City of Jacksonville; it is the way and means, easily and with the least burden upon the community at large, to promptly and properly adjust the various back claims and demands against the City.

It will insure pure water, and all we need.

It will insure better and more street lighting.

It will reduce operating expenses practically enough to meet the annual payments on the Bonds.

It will make the Water Tower pressure available so all will have proper service.

## Will Cut Interest Budget

It will reduce the City's interest budget, because the general taxes and receipts could be used to quickly pay off the floating indebtedness and the improvement on paving and sewer bond deficit of \$22,000.00.

It will save the city the embarrassment of being sued on this deficit, which is long past due, and which by special request has been carried by the owners to July, 1916, at which time we, your Commissioners, hope to be able to properly arrange to take them up and thereby save the City's credit.

It will enable the City of Jacksonville to properly install, improve and equip completely, at one time, a complete and sufficient Water Supply System, including mains, wells, pumps, water tower, reservoir and motors; a complete new street line and wires; and a 500 Horse Power and 350 K. W. direct connected generating unit; housed in fire proof buildings at the Power House and Pumping Station.

## For a Permanent Water Supply.

It will enable the citizens of Jacksonville to enjoy these good things, while they are alive and can enjoy them, instead of leaving all this pleasure to their beneficiaries. It is just like renting a good house—you simply pay for the benefit you receive annually, as you enjoy the same.

## NEW YORK'S SECOND BECKER CASE NOW NEAR END

Gunner Who Killed for \$100 and  
Chaufer Soon to Die.

New York, May 11—Nearly two years and a half have elapsed since the famous Baff murder was committed. During that time the police have been running down the assassins and have uncovered a second Becker murder case. Two of the accused men, Giuseppe Arichiello, who committed the actual shooting of Barnett Baff for a hundred dollars, and Frank Ferrara, who drove the murder squad to the scene of the crime, are under sentence to die in the electric chair at Sing Sing in the week beginning May 29. Two other members of the Baff murder expedition of ten will soon be tried. They are Joseph Zafarone, a "look-out" man, and his brother, Antonio Zafarone.

There is a strong parallel between the Baff case and that in which Herman Rosenthal, the gambler, was shot. By Becker's order, the hired assassins shot Rosenthal to death. Barnett Baff, a poultryman in Washington market was marked for death because he had informed on the "chicken-sandwich trust," thirteen members of which were convicted and sentenced to the penitentiary. Armed gangs of gunmen carried out the orders of those "higher up" in both cases. While Lieut. Becker shared the fate of the men he hired to kill Rosenthal, the man or men who ordered Baff's death have not yet been implicated. From somewhere the order came that Baff must be done away with.

Barnet Baff came from Germany a long time ago, and he and his wife opened a little grocery on the East side. They saved their money and opened a second store. Bad business took their savings and they lost all. Then Baff opened a butcher shop, and thrived specializing on kosher chicken. Business expanded, and the trust bought Baff for underselling it. His horses were poisoned, his live chickens died on the way from Hoboken, and when he retaliated, black hand letters threatened him and bombs were placed in his shop and under his doorstep. Carcasses of poultry consigned to him were blown up in Hoboken.

Many Contributions to Fund  
It has developed that many chicken dealers contributed to the fund with which the gunmen were paid. Baff himself contributed \$25, not knowing the actual intent of the plotters. Most of the contributors believed the fund was to be used to break the control which Baff held over the poultry business, but had no inkling that murder was on the program.

The murder fund was started in May, two years ago. Ippolito Greko, a Harlem saloon-keeper, was the leader of a gang of young braves ready to get money by any means. He was employed to "get" Baff. Six trips were made by the gunmen to Washington Market in July and August, but their plans were balked on each occasion. The men who had contributed began to get restless and demanded action. Baff was still getting the better of them, beating them on prices and adding to his immense business. In November, a "particular emergency" existed in the trade. Thanksgiving time was near, and the retail dealers were determined to get rid of Baff. Greko was ordered to get busy. On November 24, 1914, Baff was shot. The gangmen stole a coffee-colored car, belonging to one of Baff's friends. They motored to West Washington market. Look-outs were stationed, while one of the gang went into Baff's place and told him a business acquaintance wanted him outside. As Baff came out, shots rang out, and the poultryman dropped. The gang made its get-away successfully.

It has developed that Ferrara, the chauffeur, received \$250 for his part in the job. Arichiello, his companion on the walk to the electric chair a few weeks hence, and one of the gunmen who actually fired the fatal shots, received only \$100 for the job. The Zafarone brothers received \$300 each. About \$2,000 was split up among other go-betweens, out of the fund exceeding \$4,000, which was raised by poultry dealers.

For over a year the Baff case was shrouded in mystery. Then, after the most patient work on the part of the police and the district attorney's office, the plot was disclosed and the gunmen were rounded up. Inspector Fourot headed the police work. He used all the methods of Scotland Yard and the French secret police. The indictments were returned on February 21 last. Arichiello and Ferrara were convicted early in April and Ferrara was found guilty in the following week. Both made confessions and implicated others.

## THE PEOPLE PAY.

To the People of Jacksonville:

In the Journal of Thursday appeared a letter from Mr. H. J. Rodgers under the above caption. I cannot but think that his conclusions are wrong. He makes the statement that the people have paid and are paying and will pay for their electric and water plants. That they have paid and will pay for the properties of the McKinley System and that the distinction is that they own the one and will not own the other. I think that Mr. Rodgers has overlooked the important difference between the property itself and the service or product which that property produces. Regardless of whether a plant is owned privately or publicly the service or product of that plant must be paid for. The invested money of the city must be charged with interest just as is the invested money of others. City property must be charged with depreciation as is the property of others. The ownership of a plant has nothing to do with the cost of service on which must be based the charges for service. This is the rule of the Illinois and every other state commission.

The people of Morgan county have paid for and own the court house. They have been paying for this building since it was built in the sixties. They have paid for, and will continue to do so, over and over in interest charges. If the people owned many pieces of property at the same price which they own the court house they had better go out of the property owning business. If a private individual owned this building he would have paid for it years ago or he would have gone broke, or he would have given it away. The trouble with the money of the people is that it is easy money to spend. It is handled thru the years by varying sets of men good, bad and indifferent. People live and die and still the debt goes on. It is easy to say that the interest on bonds only mean a small sum yearly on a thousand dollars worth of property. This small sum scattered over thousands of dollars of property owned by thousands of people, thru many years fails to attract public attention to the terrible mistakes of mismanagement. Everybody's business is nobody's business. Yet interest works day and night.

To say that the people pay for and don't own the property of the McKinley System in Jacksonville is equal to the statement that the people have paid for and don't own the Jacksonville Journal, the Courier, Ayers National Bank, Cherry's livery, the Widmeyer meat market, Phelps & Osborne, Waddell's or any other business institution in the city where the people trade and pay money for goods or services.

The people some twenty years ago or more invested \$25,000 in a light plant. In the sixties \$150,000 was put in a water system. The light plant after many years of inefficient service when only one-third of the worn out obsolete arcs would burn at a time was discovered to be junk. And not one dollar was in any reserve or depreciation fund to replace the results of the wear and tear. Successive administrations had not maintained the property. Each no doubt figured, "Well, we can tie her up with strings and make her run while we are in office. We will let the next fellow worry over raising the money to repair and replace." And like the one horse shay of ancient memory that is what happened until it went to pieces. Thousands and thousands of dollars have been spent on the water system since it was built. Whether judiciously or not will never be known. But the money in the light plant has been wiped off the earth. The depreciation was not charged to the people who enjoyed the proudest of the plant when it was new but was dumped on the present generation to pay in a lump and in addition to \$20,000 spent several years ago you are now asked to furnish \$63,500 to make good the mistakes of the past. And your heirs will some day have to repeat this progressive game. We must judge somewhat the performance of the future by the known experiences of the past.

But the fact remains that while the people have paid and will continue to pay and own these plants they pay in addition every month the cost of the product or service of these plants. Just as they do for any service or merchandise they buy. None will affirm that the water rates of this city will compare with other places. This service is not cheap. And it costs as much to make current in the electric light plant as it can be bought for.

"The property of the people," is pretty sounding phrase. But you couldn't talk a hard headed factory owner into putting \$63,500 into an electric plant to furnish current to run his factory if he could buy this power at the same or perhaps a little more. He isn't running the affairs of thousands of people for years to come. He is living in the present and he insists on value received because it is his money that is being spent.

Let's have a report of our light plant. What does it cost? Let's have the total costs, fuel, oil, labor, maintenance, depreciation, interest, lost taxes and everything. Let's have the entire bill at one time and on one piece of paper and not strung out for months. If the plant is run economically and efficiently we don't need a new light plant, because it is admitted that our present plant can produce more power than we are now using or will need to light the streets and pump our water. If the report shows it is not economical and that our current cost over two cents a

## BITTERNESS MARKS PRIMARY IN PENNSYLVANIA

Factional Differences Have Been  
Given Vent in Work of electing  
Delegates.

Philadelphia, May 14—Bitter factional quarrels have characterized Pennsylvania's state-wide primary election campaign which will close when the voters go to the polls Tuesday.

In the Republican party the struggle centers on the control of the 76 delegates to the National Convention. United States Senator Boies Penrose, favoring an unpledged delegation, leads in a fight against Gov. Martin G. Brumbaugh, who supports candidates pledged to support the party's popular choice in the State for President. Gov. Brumbaugh has announced his own candidacy for the Presidential nomination with the condition that he would be willing to step aside in favor of any candidate from another state if assured substantial support from a reunited party at the Chicago Convention. Gov. Brumbaugh has said that such unity of action and a Republican victory in November "cannot be accomplished under any factional leadership" and that he had been assured by many persons that those responsible "for the disaster of 1912" cannot reunite "the broken forces" of the party.

The 76 delegates include twelve to be elected at large. The Penrose nominees for these include Senator Penrose himself, United States Senator Oliver, John Wanamaker and James Elverson, Jr., of Philadelphia, and Mayor J. G. Armstrong of Pittsburgh. The Brumbaugh nominees include the Governor, State Senator W. J. Burke of Pittsburgh, former representative E. F. Acheson of Washington, Pa., Mayor T. B. Smith of Philadelphia, and Auditor General A. W. Powell.

Gov. Brumbaugh's name is the only one which appears on the Republican preferential ballot. If others are favored their names must be written by the voters. This factional contest has become so heated in Philadelphia as to split the party organization where harmony has prevailed for years.

In the Democratic party President Wilson's is the only name to appear on the ballot as a candidate for president. Opposing factions have, however, selected candidates for twelve delegates-at-large, altho whichever ticket is elected will support Mr. Wilson. The principal Democratic fight is for the State's representative on the National Committee. The reorganization Democrats are headed by former Representative A. Mitchell Palmer, the present National Committeeman, who is opposed by Michael Liebel, Jr., of Erie, identified with the organization faction. There are two candidates also for United States Senator—E. L. Orvis of Bellefonte, reorganization, and Municipal Court Judge E. C. Bonnell of Philadelphia, organization.

There is no United States Senate fight in the Republican party. Philander C. Knox, who held portfolios under President Roosevelt and Taft, is unopposed. Senator Oliver some time ago announced his intention to retire. In the Republican election of Representatives-at-large, the Penrose faction has placed in the field Joseph McLaughlin of Philadelphia and Isador Sobel of Erie against the present incumbents, Daniel F. Lafean and John R. Scott.

Both the Republicans and the Democrats have contests for several offices, the fight for the Republican nomination for auditor general attracting chief attention because of the support given by the opposing Brumbaugh and Penrose factions. The Progressives, known in Pennsylvania as the Washington party, have not filed any names as preferential candidates for President. There are candidates in the field for all other offices but no contests within the party. Candidates for delegates-at-large to the Progressive National Convention include William Flinn of Pittsburgh, Gifford Pinchot of Milford and William Draper Lewis of Philadelphia.

Gov. Brumbaugh, who led the unsuccessful fight for local option during the last legislative session, has urged voters to favor legislative candidates who favor this measure. In Philadelphia a proposal to authorize two loans aggregating \$114,000,000 for city and harbor improvements and subway and elevated extensions has become involved in Republican factional differences.

## FRISCO POLITICAL ROW IN COURT

San Francisco, May 11—The bitter row engendered by an attempt to recall City Attorney Percy V. Long comes into court today, when the election commissioners must show why they should not call an election for the recall. Ten indictments have been returned in connection with the recall petitions, which were thrown out by the election commissioners. The attorney who started the petition brought the action which brings the case into the courts today.

kilowatt hour, as has been said, then let's use our brains and buy where we can save money.

Yours truly,  
John D. Cain.

## LITERBERRY.

Professor Caywood closed a very successful term of school on last Friday; the pupils all praising him for his good order and careful teaching.

Mrs. Lee Scribner sold a splendid work horse on Saturday, for a good figure.

Mr. and Mrs. A. H. Coffman of Jacksonville, drove out Sunday and spent the afternoon at Sunshine Cottage.

Our Sunday school at the Baptist church is improving in numbers, in offerings, and in the lesson study.

The Ladies' Aid of the Baptist church met on Thursday at the home of Mr. and Mrs. Warren Daniels on corner of Telephone and Broadway streets. Hostesses, Mrs. James Lowden and Mrs. Warren Daniels, with Freda May, to assist. In the business transactions, there were a number of May birthdays, and the amount paid in, went to the Home Missions. Those having birthdays this month are Mrs. W. E. Murray, Mrs. Ennis, Mrs. McCarty and others. A good reading was given by Mrs. Earl Underbrink, the title of the piece being, "A Little Seed of Love," one of the compositions of Mrs. Martha Capps Oliver, so well known as a writer of good poetry. Miss Lora Petefish recited, "St. Peter at the Gate." Mrs. D. K. McCarty gave a reading entitled "May Day House Cleaning." Refreshments were good and in abundance. The next meeting will be at Sunny Slope, on Sweet Brier avenue, with Mrs. W. E. Murray.

Mr. and Mrs. Durrell Crum of Allegretto Farm are in luck. Mr. Crum is a progressive farmer, a good citizen and a jovial fellow on all occasions. Mrs. Crum is another good fellow, sociable, industrious, a fine housekeeper and a talented musician, in fact one of the best in Central Illinois. This good couple have been married for thirteen years and with all Durrell's good talk and Mrs. Durrell's fine strains of music, they failed to lure the stork to their home until this spring. On Tuesday Mr. and Mrs. Crum and Dr. Obermeyer started to Jacksonville and after great difficulties, succeeded in reaching the Passavant hospital, where a fine son was born a few hours later, who is called "Cecil Alvin." The Crums and all relatives and friends are rejoicing with them. Mothers Day will be observed at the Baptist church on the 14th.

## CHAPIN.

Harry Onken drove to Jacksonville Tuesday on business.

Charles H. Taylor left yesterday for a few days' visit in Rochester, Minn.

W. C. Brookhouse and daughter, Alma, of Concord were visiting in Chapin Tuesday.

Hal Kendall of Bluffs was in Chapin on business yesterday.

Mr. and Mrs. Earl Fountain were Jacksonville visitors Tuesday.

Mrs. Henry Kortz of Merritt was calling on friends in Chapin yesterday.

Mrs. M. L. Test and children have returned to their home in Mt. Sterling after a visit here.

Mrs. William Thompson of Bluffs was visiting in Chapin yesterday.

Miss Ilga White is spending a few days at the home of her sister, Mrs. John Dossent.

Miss Irene Miller of Jacksonville is a guest of Miss Isabelle Fox.

The Chapin Woman's club met Tuesday with Mrs. Ada Funk. There were eighteen guests present. The guests included Mrs. Della Knopp and daughter, Gladys, and Mrs. Lloyd Ross. The roll call was answered by current events. Miss Amy Onken read a paper on "Gene Stratton Porter," which was very good. The ladies then sang a few songs. Light refreshments were then served.

Miss Frances Hobbs of Rock Island was in the city Thursday on her way to Carlin

## Hair Discovery Restores Color

Remarkable Scientific Preparation  
Restores Vitality of Color-  
Glands and Hair Roots.

The way to restore gray, faded or bleached hair to its original color, without dye or stain, has never before been actually solved. Today it is an accomplished fact. The discovery has been made that hair consists of five principal substances, and that when any one or more of these is missing the hair-

Bringing Back Original Hair Color  
Without Tinting or Dyeing the Hair

and color-glands lose their vitality, the hair falls out, turns gray, dandruff and baldness follow. The new hair discovery, VOLA-VITA, restores these missing substances in a remarkable way. The results are quickly seen—the hair always stops falling, hair grows on heads bald for many years, bald spots fall out, hair grows luxuriantly, dandruff disappears completely. And another remarkable thing occurs—whether your hair was originally red, black or brown, it will restore that exact shade to your hair, no matter how gray, faded or bleached it may now be, something never before accomplished. VOLA-VITA is not a dye or stain. It is a hair re-vitalizer, pure and simple.

A modern cause of hair troubles is alcohol in hair tonics. Alcohol means hair murder. It shrinks hair, kills it gradually, surely. VOLA-VITA contains no alcohol. VOLA-VITA will solve your hair and scalp troubles surely, completely, quickly. Satisfaction guaranteed.

VOLA-VITA is sold at all drug stores, \$1.00 a bottle, or sent on receipt of price by Vola-Vita Mfg. Co., Chicago, Ill.

Sold in Jacksonville by J. A. Ober-J. A. Long and Gilbert's Pharmacy, Meyer & Son, Lee P. Allessi, Armstrong's Drug Store, Coover & Shreve.

## GIRL COULD NOT WORK

How She Was Relieved from  
Pain by Lydia E. Pinkham's  
Vegetable Compound.

Taunton, Mass.—"I had pains in both sides and when my periods came I had to stay at home from work and suffer a long time. One day a woman came to our house and asked my mother why I was suffering. Mother told her that I suffered every month and she said, 'Why don't you buy a bottle of Lydia E. Pinkham's Vegetable Compound?' My mother bought it and the next month I was so well that I worked all the month without staying at home a day. I am in good health now and have told lots of girls about it."—Miss CLARICE MORIN, 22 Russell Street, Taunton, Mass.

Thousands of girls suffer in silence every month rather than consult a physician. If girls who are troubled with painful or irregular periods, headache, dragging-down sensations, fainting spells or indigestion would take Lydia E. Pinkham's Vegetable Compound, a safe and pure remedy made from roots and herbs, much suffering might be avoided.

## BIG Y. M. C. A. GATHERING BEGINS TODAY IN CLEVELAND

Thirty-ninth International Triennial  
Convention Draws Many Delegates  
—Important Matters of Adminis-tration to Be Discussed.

Cleveland, Ohio, May 11.—The 39th international triennial conven-tion of the Young Men's Christian association of North America will open here tomorrow, and already the hosts of delegates are gathering for the big meeting. Incidental to the long program which has been pre-pared, the convention will celebrate the founding here forty years ago of the first railroad association.

A number of important matters affecting the administration of the associations will come before the convention, which is the legislative body of the brotherhood. One of these proposals is the increase of the element of democracy in the supervision of the brotherhood. On an initiative resolution, which has been approved by a big vote of the directors of the association in all sections of the United States and Canada, it is proposed that the lay delegates will hereafter have a much larger proportion of the con-vention devoted to discussion from the floor, with fewer addresses from the platform. Incidentally, there will be this year a greater number of small sectional meetings, with an increased opportunity for all points to be heard.

The question of supervision of as-sociations in foreign lands, such as China, Japan, India, and South America, will be considered. A special commission has been studying this question, and its findings will be presented by L. Wilbur Messer of Chicago.

The convention will decide whether or not it will capitalize a retire-ment fund for secretaries who have given their lifetime to the service. A commission on this subject, head-ed by P. W. Ayer of Philadelphia, will probably ask that the fund be capitalized, to begin at a million dol-lars.

Another important discussion is to be the extent to which the Associa-tion should enter into the educational field. Like the public schools, it has inaugurated summer institutes for the training of its younger secre-taries, and has bought properties in Colorado, Wisconsin, New York and North Carolina, where it assembles for training purposes its less expe-rienced secretarial candidates for systematic training and education. The association has also established col-lege institutions at Chicago and Springfield, Mass. The extent to which the association should utilize the regular professional colleges or small assist its own training agencies will be reported upon by a commis-sion which W. E. Birks, of Mon-treal, is chairman.

The convention marks its fiftieth anniversary of the establishment of the international committee, also the change in leadership of the commit-tee from Richard C. Morse, who for forty-six years was its general secre-tary, to John R. Mott, recently chosen general secretary.

Mr. Mott will be given a big re-ception, for he is well known in the work of the Y. M. C. A., with which he has been connected for nearly thirty years. Others who will speak include Major-General Leonard Wood, John D. Rockefeller, Jr., Har-ry A. Garfield, president of Williams College, Raymond Robins of Chicago, Dr. John A. Jowett of New York, Hon. Franklin D. Roosevelt, Bishop William F. McDowell of Chicago and Hon. N. W. Rowell of Toronto.

NOTICE  
For this week at least no charge will be made for unloading refuse at the city dumping ground. Persons who wish to take advantage of this offer on the part of the city should see or phone the undersigned for directions as to where the refuse shall be unloaded.

Jerry Cox, Commissioner of Streets.

CIRCUIT COURT NEWS.

Argument in the Davies partition case began before Judge Burton Thursday morning. Judge E. P. Brockhouse addressed the court in behalf of the complainants, occupy-ing the entire morning. When court opened in the afternoon At-torney J. J. Neiger for the complain-ants in the cross bill, began an ad-dress which occupied the time of the court until 4 o'clock. Then Wal-ter Bellatti began argument on be-half of complainants and had not finished his address to the court when adjournment was taken until this morning. It is probable that the argument will continue the greater part of today and Judge Burton is expected to take the case under advisement and give his de-cision later during the term.

The court entered an order in the case of Nettie Orear vs. William Bocking, assumpsit, in which leave was given the plaintiff to amend de-claration by striking out the second and third counts.

# RECEPTION DAY!

## Grand Opening and Exposition

# Saturday, May 13th

(1 to 5 p. m.)

A most cordial invitation is extended to every person in Jacksonville to pay us a visit to-morrow, between the hours mentioned.

Aside from this being a pleasurable occasion for you, as well as to ourselves, it will prove an intensely interesting one.

Our several plants are now completed. The work that has been going on for many months, of adding new equipment, remodeling, rebuild-ing and otherwise placing ourselves in position to give continuous and satisfactory service is finished.

Our Gas, Boiler, Power and Ice Plants are models of efficiency. We are proud to show them, in operation and in detail, to you. An hour or so spent with us Saturday will prove a delightful and profit-able experience.

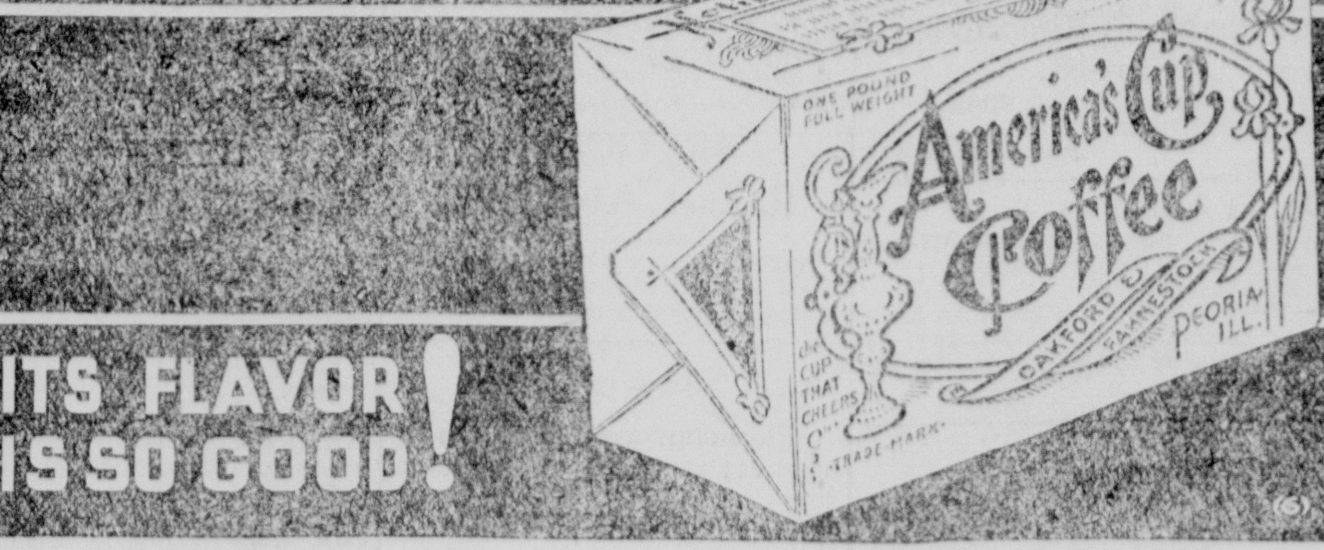

## Jacksonville Railway and Light Co.

When you come down town Saturday make your plans to include a visit to our plants. Come to the power plant, a short distance from the square on South Main street, where employes of the com-pany will be in readiness to escort you and to explain all the various machinery and processes.

Arrange a little party. Come, see how your, gas, ice, and electricity are made. You'll en-joy the time given.

## FIFTY SIX STRAW BALLOTS FOR BOARD MEMBERS

Long List of Names Suggested by Those Who Voted—Honesty and Broad Minded Common Sense Greatest Requirements for Board Membership.

Last Saturday a ballot form was published in the Journal and appeared for four days, asking the people of Jacksonville to express their preferences for members of the board of education. It was suggested that these ballots could be signed or without signature, just as the citizen happened to wish.

There are 9,500 men and women in Jacksonville who are entitled to vote upon the question of board membership, and after five days of publicity just 56 answers were received. Leaving out those persons who after considering the question had any reluctance about expressing their views for fear they might be publicly identified with them, the result of the ballot shows a remarkable lack of interest in the public school affairs.

There is no question in which the people are so vitally concerned as the school system, and yet from year to year it has frequently happened that board of education members have been elected when not more than one-tenth of the people were expressing their wishes. The purpose of the straw ballot was only to arouse public interest in this important question and if possible bring to the attention of the people the names of men and women especially qualified for board membership. The selection for president and members of the board should not be based on personalities or politics or anything of that character. Fitness to serve should be the only qualification considered, and the Journal believes that with the new system of school management which is now to be inaugurated that the question of board selection is of even more importance than has been true in the past.

The requirement for efficient board membership is men and women not necessarily of liberal education but men and women who are honest, with good business judgment and who have the qualification of realizing that they do not know everything about educational problems. They should be people who have the honest desire to secure the very best educational facilities for the children of the city which can be purchased with the wise expenditure of the funds at their disposal. They should be people willing to select the man they feel is best qualified to serve as superintendent and then hold him responsible for the educational standards of the schools. The board does not need members who wish to manage all the details of school affairs or whose main purpose is to see that their relatives and friends are on the payroll. The result of the ballot, altho the number by comparison with the total number of votes is small, gives a list of names from which the voters as a whole should be able to select an excellent list of board members.

If some of the names given in the straw ballot appeal to the people more strongly than those who are known to be candidates, such persons should be prevailed upon to become candidates as a matter of public duty. The summarized result of the ballot cast is as follows:

**For President.**  
H. H. Bancroft, 42.

## AGED MURPHYSBORO COUPLE FOUND MURDERED IN HOME

MURPHYSBORO, Ill., May 11.—George Pecoraro, prominent in the Italian section of this city, and his aged wife, were found murdered in their home today.

Both had been strangled and their necks broken. Revenge or blackmail is supposed to have been the motive. Two vicious dogs customarily chained near the front door were missing. Three hundred dollars in a trunk and \$12 in a sack secreted in the old man's bed were not molested. A number of cigars were found in the room, altho Pecoraro did not use tobacco. They are supposed to have been dropped by the murderer or murderers in making their escape.

**SUBMIT PROVISIONS TO ENTER INTO SANCTION OF SALE**  
Chicago, May 11.—Independent Telephone companies this afternoon submitted to the state public utilities commission provisions which they consider should enter into sanction of the sale of the Automatic Telephone company to the Chicago Telephone company. In effect the provisions are designed to obtain for the independents full, fair and complete entrance into Chicago for long distance calls originating with independents, and a fair routing of long distance calls originating in this city. The hearing will be resumed at Springfield next Tuesday.

**TRUSTEES FILE FIRST REPORT**  
Pinckneyville, Ill., May 11.—Trustees of the estate of Henry Horn, whose bank at Duquoin failed after his death, filed their first report with Judge Bernreuter, which shows that they have collected \$110,480 and have paid out \$63,849 as a first dividend on twenty per cent of claims allowed by the court. They still have 11,000 acres of land, a flouring mill, the sale of which, it is said, will bring the total dividends to approximately fifty per cent.

**DUNNE OFFERS REWARD FOR CAPTURE OF ROSS.**  
Springfield, Ill., May 11.—Governor Dunne has offered a reward of \$200 for the arrest and conviction of Carl Ross, who is alleged to have murdered Ralph McDonald at Jacksonville, May 5th, of this year.

### BIG CONCERT COURSE IS PLANNED FOR JACKSONVILLE

Enthusiasm From Illinois Music Teacher's Convention Crystallizes in Meeting, at the Chamber of Commerce Rooms, Thursday.

Since the close of the Illinois State Music Teacher's Convention, last week the popular suggestion among the business men as well as the musicians of the city has been to perpetuate the affair by arranging for a big Artist's Course next year.

In pursuance of this idea a meeting was held in the Chamber of Commerce rooms last night to perfect plans and if possible an organization to arrange such a course. The plan which found the most universal pleasure was for a series of concerts by world renowned artists throughout the winter months, culminating in a spring music festival, the Minneapolis Symphony orchestra as the outstanding attraction.

A committee consisting of H. V. Stearns and W. E. Kritch was appointed with power to choose as many additional members as they felt are needed to plan the attractions and to carry this work. This course should fill a long felt need in civic life and it is thought it will receive the enthusiastic support of all of Jacksonville. This committee will work in conjunction with the Chamber of Commerce to serve the musical needs of the community at large.

Any suggestions as to the nature of the course devised may be mailed to the Chamber of Commerce and will be appreciated.

### PLANS PROGRESS FOR BANKERS MEETING

Barry Citizens Active in Preparation For Gathering of Group Eight May 24th.

The bankers of Group Eight of the Illinois Bankers' association will hold their annual meeting this year in Barry on Wednesday, May 24, and a very profitable session is anticipated. Group Eight has a membership of 143 and is composed of the bankers of the counties of Adams, Brown, Cass, Calhoun, Greene, Hancock, Jersey, Menard, Morgan, Schuyler and Scott. F. T. Jurgens of the H. H. Schirring and Son bank at Petersburg is president of the group and E. H. Fleming of the Golden, Ill., bank, is the secretary.

The complete program for the day has not yet been announced, but there will be a session in the forenoon for registration and transaction of business. At noon a banquet will be served, and in the afternoon the two principal addresses will be by President Woodruff of Joliet and John Temple Graves of Chicago. There will also be a number of musical selections. The program has been arranged along patriotic lines, and the decorations will be in keeping with the general idea. An invitation is extended to the public to attend the afternoon meeting, and it is hoped that the attendance will be large. The following committees have been selected to arrange the details of the session:

Executive committee—W. W. Watson, A. Williamson, J. O. Strubinger, S. M. Dickason, and T. D. Taylor.

Banquet—J. Weber, S. M. Dickason.

Finance—W. Williamson, J. O. Strubinger.

Decorations—A. L. Jones, F. A. Retallic, Mrs. Cora Bright.

Autos—S. M. Dickason, L. F. Bright.

### MISS GRACE NUNES WEDS SAMUEL NUNES IN QUIET CEREMONY

Rev. W. E. Spoonis Was Officiating Clergyman and Only Near Relatives Witnessed Service.

The marriage of Samuel Nunes and Miss Grace Nunes was solemnized Thursday night, Rev. W. E. Spoonis officiating. The ceremony was witnessed by a limited number of friends of the contracting parties. The bride is the oldest daughter of William Nunes and is a young woman of such character and disposition that she occupies a very high place in the opinion of those who know her. She has been especially devoted to her home and as a neighbor and friend has lived a life of service and great usefulness.

The groom, tho of the same name as his wife, is of no blood relation. For twenty-six years Samuel Nunes has been in the employ of William Nunes, serving for fifteen years as foreman. He has been successful in a business way and accumulated considerable property. His manner of life has been such as to entitle him to the esteem and confidence of the public and he ranks well among Jacksonville citizens. Mr. and Mrs. Nunes will at once begin house-keeping in property owned by the groom—not far from the bride's old home. Because of the recent death of the bride's mother the wedding was a very quiet event, but a number of handsome gifts received attested the esteem and good wishes of relatives and friends.

#### PARK BOARD NEWS.

The park board met in regular session last evening. It was announced that nine small flower beds had been prepared in Duncan park and will be planted with canna and suitable borders of other flowers. It is expected that this work will begin today. Several flower beds in Nichols park are to be planted and steps were taken to have this done and suitable flowers selected.

L. B. Haynes was chosen custodian of the first ward playground.

The thanks of the board were voted Peter Bonansinga for generosity in giving fruit for feeding the monkeys.

The secretary announced that several persons had signified a willingness to give rabbits for the park. A number of wild bunnies have taken up their residence there and are occupying some vacant tile.

Owners of dogs please keep your canines out of the park. Wandering dogs found in the park will be disposed of promptly. Only a few days ago a worthless cur caught a wild rabbit there and tore it to pieces.

William M. Ballard of Springfield was in the city Thursday on business connected with the Hotel Douglas, which his firm operates.

#### DOGS IN NICHOLS PARK.

The park board has a desire to be arbitrary or unreasonable in the matter of dogs in Nichols park but when a worthless cur catches and mutilates an innocent rabbit it is time to sit up and take notice. There is no hunting in the park and there is no occasion to take a dog there. The park is for other purposes. A few days ago a man had two dogs in the park with him, and they acted as if they would attack the custodian and had been less courageous he might have been severely bitten.

The law permits the destruction of stray dogs in such a place and while the custodian and policeman have orders to act with caution and prudence they are also instructed not to give a stray dog positively without an owner along an opportunity to enter the park the second time.

High grade chocolates; Princess.

#### HEAR MR. LIPPINCOTT TONIGHT

This evening at 7:30 o'clock in the lecture room of the Congregational church, J. P. Lippincott of this city will deliver an address on the public school laws of the state. Admission free and everybody cordially invited.

### CHILD OF DR. AND MRS. HARDIN KILLED IN AUTO ACCIDENT

Mildred Hardin and Two Others Lost Lives When Fast Santa Fe Train Crashed Into Car in Which They Were Riding.

A Los Angeles paper has been received here giving an account of an accident in which Miss Mildred Hardin, daughter of Dr. and Mrs. F. S. Hardin, formerly of this city, was killed along with two girl companions, at Santa Anna, Calif. The three were killed when an automobile in which they were riding was struck by a fast Santa Fe train. Mildred Hardin was thirteen years of age and her companions were respectively ten and thirteen. The parents of the girls were with them in the car and escaped serious injury. The party, together with another automobile load, had left Los Angeles for the beach below San Von Capistrano, where it was the intention to spend the night and following day.

At the little town of Airvine the state highway from the north approaches at a sharp angle with, and on the east side of, the Santa Fe. Mr. Ruess, who was driving the car, failed to see or hear an approaching train which was not scheduled to stop at that station. Persons nearby shouted a warning to him as he kept driving forward with the car, but his view of the track was obstructed by the station and freight cars and he did not have time to clear the crossing before the locomotive struck the rear part of the automobile and all the occupants were hurled out. One child was killed instantly and her body was carried for half a mile on the cow-catcher, and the other two little girls died soon afterward.

Dr. and Mrs. Hardin will be remembered by a number of Jacksonville people. Dr. Hardin was an osteopath who practiced here for some time and Mrs. Hardin is a daughter of Mr. and Mrs. M. W. Reynolds. The family when living in Jacksonville occupied the home property of Mrs. Sarah Hockenbuhl at the corner of Grove and Prospect street.

10c quart box for fancy strawberries. Zell's grocery.

**A THRILLING EXPERIENCE.**  
Joseph Gomes has returned from Quincy, where he has been laboring in the interest of the smoke consumer in which he is interested. With C. W. Johns, inventor of the device, he started yesterday morning at 8 from Quincy, made a number of stops along the way, one of an hour to help a man with a car out of commission out of trouble, and traveling 105 miles arrived here at four p. m., in a Stearns-Knight car.

Last Sunday he was on the Steamboat G. W. Hill on the Mississippi river when a violent storm arose. There were some three hundred excursionists on board and the waves ran high. A river boat is not constructed to withstand much of such experience, being built with a flat bottom so it will run wherever the ground is a bit damp and in this case the craft rocked fearfully. A very skillful pilot was at the wheel and managed the boat admirably. Women screamed and even men were sorely afraid and finally the pilot was obliged to run the boat into shore in a small inlet among the trees and stay there till the storm subsided. For a while there was great excitement and it looked as if there would be serious trouble.

Strawberry short cake; Princess.

#### ILLINOIS COLLEGE ALUMNI

Arthur D. Fairbank, secretary treasurer of the Illinois College Alumni association, has sent out a circular from which it appears that F. C. Tanner of the class of '98 has been chosen by a majority of the alumni as alumni trustee to succeed himself and so will be recommended for election to the body of trustees.

President John H. Finlay of the University of New York and a close friend of the late Dr. Newton Bateman, and his successor as president of Knox college, writes that he has decided on his own initiative, to take steps to secure \$100 among Knox alumni in the east as a gift of Knox graduates toward the establishment of an In Memoriam Membership for Dr. Bateman. A special effort is being made to secure an In Memoriam membership for the late Dr. Hiram K. Jones, '44, a long time president of the alumni association.

#### THE BOND TAX COST.

Read these figures and note what a small addition to your taxes the proposed bond issue would mean.

If your taxes are:  
\$5 add just 20 cents.  
\$10 add just 40 cents.  
\$15 add just 60 cents.  
\$20 add just 80 cents.  
\$25 add just \$1.00.  
\$30 add just \$1.20.  
\$35 add just \$1.40.  
\$40 add just \$1.60.  
\$45 add just \$1.80.  
\$50 add just \$2.00.  
\$100 add just \$4.00.

The amounts grow less each year as the bonds are paid. The first taxes payable on this will come in May, 1918. The tax levy could not be made until Feb. 1917. The tax would be extended by the County Clerk in December, 1917, and final collection made by the sheriff in May, 1918.
